Teeth Marks Evidence In $10,000 Theft

LOS ANGELES, June 4.—(UP)—Because tooth prints on the cork of a bottle of Burgundy were the same as those of Clifford Shirley, former police officer, he was held here today on a charge of suspicion of burglary.

Ethel L. Hupp told police that jewelry valued at $10,000 was taken from a trunk during a party at which she was host recently. The thief, she reported, had taken a drink from the bottle which also was in the trunk and had pulled the cork with his teeth.

Police visited Miss Hupp's guests and asked each to bite into a cork similar to that in the Burgundy bottle. Imprints made by Shirley were said to have corresponded with those in the cork in the original.

The same date was set for the election to determine whether residents in the Delhi district will approve annexation to the city.

The territory to the north is a section of land west of Flower street lying between Chapman street and the north line of the

90,000 SHRINERS TAKE OVER LOS ANGELES FOR THREE DAYS

WATER PROJECT GIVEN BACKING OF S. A. GROUP

Exchange Club Endorses Program After Talk By Paul Bailey

On a motion made by W. Lester Tubbs, secretary, and seconded by Ray Lambert, citrus grower on the San Joaquin ranch, the Santa Ana Exchange club today unanimously endorsed the $16,500,000 flood control and water conservation program of Orange county. The action was taken after Paul Bailey, flood control engineer for this district, had outlined the project.

After stressing the vital necessity of the program, Lambert stated that he believed the club should take some action regarding the project and that he thought an endorsement was in order. He previously had pointed out that in 1914 on the east side of the Irvine ranch a well had been dug that brought water to the surface. At present, he stated, a 200-foot lift was necessary to make the water available. He declared that there was no reasonable comparison between the cost of the program on a per acre basis and the cost to Orange county ranchers in making water available without the project in operation.

In his talk, Bailey stated that the cost of deepening wells and other expenses that would be necessary without the program in operation would exceed in 15 years the cost of constructing the proposed works. He pointed out that Colorado river water could not be available for 15 years and that, although it would provide a large supply of water, flood control for Orange county would not be possible without construction of the proposed local works.

If, at some future time, the Santa Ana river should again change its channel and run through an Orange county city the damage would be much greater than the total cost of the proposed flood control and water conservation construction, Bailey stated.

A group of second grade children from the McKinley school, accompanied by Frances Beeson, music director for the Santa Ana schools, appeared before the club and sang several snappy songs setting forth the need for additional school facilities in this city. Following the songs, Earl Matthews outlined to the club the building situation in the elementary schools and urged the members of the club to support the bond election on June 11. Dr. James Farrage was in charge of today's program.

Col. Lindbergh Located With Bride On Boat

Honeymoon Yacht Discovered By Newspapermen But Flyer Escapes

WOODS HOLE, Mass., June 4.—(UP)—The Mouette, believed to be Colonel Charles A. Lindbergh's honeymon motor yacht, was at anchor in Woods Hole harbor today.

The craft apparently had slipped into the harbor during the night. It was anchored at a point between one half and three quarters of a mile from the Woods Hole guard base. Coast guards, with glasses, were able to distinguish the name "Mouette" on the boat.

Nobody could be seen about the yacht.

As soon as coast guards, with the aid of glasses, had distinguished the name "Mouette" on the trim craft's bow, newspapermen arranged to attempt to board the yacht.

Suddenly the figure of a tall man, wearing a white sailor suit, appeared on the Mouette's deck. He put up a flag, weighed anchor, and the cruiser immediately began nosing its way out of the harbor. The entire operation did not require five minutes.

Coast guards said the man in white might have been Lindbergh but that distance prevented positive identification.

From the point where the yacht had passed the night to the entrance of Woods Hole harbor is about a mile. In covering this stretch, the Mouette disappeared from view now and then while weaving its way between the numerous tiny islands dotting the harbor.

Some point on the northern Massachusetts coast, or Northhaven, Me., where the Morrow summer home is located, appeared as her possible destination.

DEATH OF MUSICIAN BAFFLES OFFICERS

HOLLYWOOD, June 4.—(UP)—Police said today that the death of Donald Murray, 26, former Northwestern university student and prominent musician, still was a mystery and that efforts were being made to check details of a party he was said to have attended shortly before he suffered injuries which caused his death.

Murray died Sunday from head injuries inflicted three nights previous as he left the apartment of Tempest Stevens, his fiancee. He never regained consciousness.

Miss Stevens told police that Murray had no enemies. He was a member of a nationally known jazz band in Hollywood to make a talking motion picture.

Woods and Forests Around Terzigno Destroyed As Lava Moves On

TERZIGNO, Italy, June 4.—(UP)—The seriousness of the eruption of Mount Vesuvius was increasing rapidly at 5 p. m. today. The stream of molten lava descending upon this village had a front of approximately 230 feet and a height of about 33 feet.

The flaming stream, advancing through the Cupaccia valley, divided early in the afternoon into two branches, one moving slowly in the direction of the hamlet of Campitello, which is also a section of Terzigno, and the other flowing down the southwestern slope between Terzigno and Boscoreale.

The latter branch of the river of boiling lava in turn divided into four small rivulets, two of which were proceeding along the path of previous eruptions, and two heading toward Boscoreale. The latter two were tending to unite.

Military authorities of Terzigno held in readiness momentarily to issue evacuation orders.

The lava has already destroyed the woods owned by the city as well as the forests owned by Princess Ottiano.

The lava stream has gained force and now is moving down through the narrow valley of Cupaccia at the rate of 150 meters an hour.

The section of Terzigno, which inhabitants are preparing to evacuate is composed mainly of farm houses. Some of these gradually are being engulfed.

The interior of the eruptive cone, through whose ripped wall the lavic torrent is now flowing at a rate of three metres a second, appears like a boiling lake.

The activity of Mount Vesuvius, which started erupting Monday, increased greatly today, Director Alessandro Malladra, of the Mount Vesuvius observatory, announced.

A molten river was belching from the cone more than 65 feet wide, with an initial speed of a little more than 6 1-2 feet a second, he reported.

"'Hell Valley' is completely filled with incandescent lava," Malladra

FARM RELIEF NEWS GIVES WHEAT BOOST

CHICAGO, June 4.—(UP)—Farm relief news was responsible for another big jump in the price of wheat today when, in a wild final hour on the board of trade, future deliveries advanced from five and one-fourth to seven and one-eighth cents per bushel. Reports that the department of agriculture is planning to recommend $200,000,000 be made available immediately for stabilization of farm prices caused the bull rush.

At the close, July wheat was selling at $1.08 5-8, September $1.13 1-2 and December $1.19. Corn and oats followed wheat for lesser gains.

Stanley Baldwin's Resignation Given King Of England

WINDSOR, Eng., June 4.—(UP)—King George today accepted the resignation of Stanley Baldwin as prime minister of Great Britain.

This announcement was made to the United Press shortly after a conference between the king and Baldwin.

Baldwin tendered his resignation because of the recent defeat of the Conservative party at the British general elections.

The king was in his sick-bed when he received Baldwin. The conference was brief, probably at the advice of the king's physicians. When the former premier had been in the castle only a short time it was reported that he had departed. But the automobile in which he motored down from London was still in front of the castle at 12:45 p. m.

Open Conclave This Morning With Parade

Circus Maximus at Coliseum Held Today As Thousands Attend

LOS ANGELES, June 4.—(UP)—The 55th annual convention of the Imperial Council, A. A. O. N. M. S., officially opened here today with some 90,000 visiting members participating in the program. While the formal beginning took place at 10:30 in the coliseum, the exercises were mere gestures, since the Shriners actually have had possession of the city since Saturday.

The festivities of the red-fezzed men will conclude Thursday after three days of impressive and colorful ceremony.

Today's program started with the parade of the 90,000 nobles to the coliseum where most of the events of the convention will be held.

Rank after rank of delegations, clad in the uniforms of red, yellow and green, passed through the streets of the city and melted into the huge arena.

Thousands of spectators jammed the sidewalks and cheered the noblemen. All traffic was diverted from the line of march but the action failed to halt paralyzing tie-ups.

Director General Leroy M. Edwards opened the ceremonies. The circus maximus, an ecent of 61 acts, played at the coliseum during the afternoon and will be repeated tonight. While thousands of Shriners made merry in downtown streets, roped off for dancing last night, others met in executive sessions and disposed of part of the business of the convention.

George E. Kepple, Arabia temple, Houston, Texas, was named president of the recorders. Lou E. Windsor, Grand Rapids, Mich., was re-elected royal director of the royal order of jesters.

COUNCILMAN TELLS JURORS OF ARREST

LOS ANGELES, June 4.—(UP)—Councilman Carl I. Jacobson's "own version" of his arrest in the home of Mrs. Callie Grimes was on record today as the trial of Mrs. Grimes and five former police officers on a charge of "framing" the councilman continued in superior court.

Jacobson took the witness stand last night and related in detail his side of the controversy, which started when he was arrested on a morals count in a spectacular police raid.

As he contended in his trial at which the jury disagreed, Jacobson alleged he was "framed" to curb his investigation into vice conditions in Los Angeles.

GRADS OF COLORADO COLLEGES ARE WARNED NOT TO BE SNOBS

DENVER, Colo., June 4.—(UP)—Although Massachusetts Institute of Technology seniors were advised to be "snobs" to succeed in life, prospective graduates of Colorado colleges were warned not to be snobs if they would succeed in life, by leading members of faculties of institutions of high learning in this state today.

D. Shaw Duncan, dean of men at the University of Denver, admitted he was shocked at the candor displayed by Prof. Robert E. Rogers, the Massachusetts speaker.

"No such sermon will ever be preached from Denver U." Dean Duncan said. "We have too much good taste here: and then, too, snobbishness never did enter into our western school life as it has in the east."

Phillip O. Worcester, dean of men at the University of Calirado at Boulder, says he got quite a "kick out of the speech."

"At least Professor Rogers kept the class awake and that is more than some baccalaureate speakers are able to do," Dear Worcester said. "His advice, 'to be a snob,' was all wrong, of course, coming as it does from a representative of an institution that preaches democracy.

"The east is full of snobbery. More emphasis is placed upon the so-called bold front there than here.

"I can't criticize Rogers' judgment in telling the boys to marry the boss' daughter rather than the stenographer because, withal, it may be sound advice; who knows?

"But can tell him one thing. The chap that goes out with a sheepskin in one hand and the attitude that he is a 'damned sight better than anybody else,' will get his hash settled the minute he gets out in the world."

Snowball Not Weapon, U. S. Court Rules

ST. LOUIS, Mo., June 4.—(UP)—If a man throws a snowball at a mail carrier he is guilty of neither assault with a deadly weapon nor interfering with the United States mails, it was decided in federal court here yesterday.

Two small boys hit Fred Chase, postman, twice with snowballs. The mail man blamed H. R. Johnson, 43, Carondelet, Ill.

Johnson, irked, said he didn't but he would since he was blamed anyway. So he threw accurately and hit Chase on the small of the back.

The court decided a snowball, even when hurled at the small of one's back, wouldn't constitute a deadly weapon, as charged by Chase. The charge of delaying the mails was dismissed.

LOS ANGELES, June 4.—(UP)—The woman found beaten to death in the Castlebar apartments here today has been positively identified as Mrs. Virginia Patty, manager of the Pacific Banking and Financing corporation of Portland, Oregon, police announced.

LOS ANGELES, June 4.—(UP)—Suspended from clothes hooks by her own dress, the body of a young and unidentified woman was found hanging in the closet of the Castlebar apartments today.

Police said the girl apparently had been beaten to death with a blunt instrument. Her dress was pulled over her head and then tied to two hooks in the closet. A bloody towel was found stuffed in the drain pipe of the bathtub.

The discovery of the murder was made by the apartment house manager, Mrs. J. M. Wilson.

DECLINE IN MARKETS IS INCENTIVE

$200,000,000 to Be Made Available As Soon As Farm Measure Signed

TO RUSH LEGISLATION

House, Senate Conferees Narrow Differences and Will Meet This Evening

WASHINGTON, June 4.—(UP)—The administration plans to make $200,000,000 available to help the sagging farm markets immediately after the pending farm bill is signed by the president, the United Press learned today from a unusually authoritative source.

The information was divulged just as the house and senate conferees narrowed their differences over the farm bill down to two issues—stabilization corporations and the debenture—and agree to hold a meeting tonight in an effort to rush the legislation through.

The unusual plans to hurry the effective date of farm legislation have the sanction of President Hoover who has been concerned about the decline in the markets. Wheat was down last Saturday to 97 cents as compared with last year's average of $1.47. Corn, rye, barley, oats and cotton quotations also were off.

In furtherance of these plans the department of agriculture is reported to be ready with a recommendation to the budget bureau, asking $200,000,000 for purchase of necessary farm surpluses, much of which will be available for wheat, center of the bear attack.

A resolution then probably will be offered in the house to appropriate this amount and there is a possibility the board may begin work to ease the market situation within a month.

The farm conferees joined in the movement, after yesterday's delay in their meetings. They agreed to use the senate insurance provision and the house provision on clearing houses. The senate agreed not to allocate the $500,000,000 fund of the bill for different purposes but to leave it in a lump sum as provided by the house.

Agreements upon these issues left only the dispute over the language in the stabilization corporations' provision, and the moot debenture yet to be finished. There is a chance these may be completed tonight, but if not they are virtually certain to be concluded tomorrow.

There were no new developments in the tariff situation. The house was considering the census and reapportionment bill in contemplation of its final passage within a few hours. The senate heard Senator Nye, Republican, North Dakota, continue his speech demanding repeal of the national origins provision of the immigration act.

County Roadside Stands Handling Foods Regulate

BOARD PASSES BILL URGED BY SUTHERLAND

Designed to insure continued purity of food products sold in Orange county and particularly to regulate roadside stands, an ordinance providing for rigid inspection of food handling establishments and for issuance of permits by the county health department to those which meet sanitary requirements was passed today by the board of supervisors.

The matter was brought before the board two weeks ago by Dr. K. H. Sutherland, county health officer. As adopted the ordinance requires that proprietors of food stores and stands, including peanut and pop corn stations along highways must keep the health department informed of the personnel of employes in their establishments. Immediate reports must be made in case an employe is suspected of being diseased

Violation of the ordinance is punishable by a fine of not less than $5 or more than $500, or by imprisonment in the county jail for not less than five days or more than six months.

Cigar stands and stores which sell food reaching the buyer under seal are not included in the provisions of the ordinance.

her week-old baby were among the last to be taken from the hospital.

All the rescued were taken to other hospitals.

Day nurses, aroused from sleep by the excitement, aided the night staff in wrapping the patients in blankets and rushing them into the chilly morning air. Some of them were laid out on the parking and lawn while the rest were being rescued.

Cries of the patients reached the street and early morning motorists and workmen joined in the rescue until firemen and policemen arrived.

Miss Tenni Davis, a night nurse, collapsed after carrying Mrs. Margaret Missner, a helpless patient, to safety. Another woman, too ill to aid herself, was brought down a ladder by the first firemen to reach the scene.

Mrs. Belle Hope, recuperating from an attempted suicide, remarked to a fireman who carried her down a ladder that this was the second time she was being rescued against her will.

INHALATOR READY FOR SANTA ANA USE

The city of Santa Ana was in position today to offer equipment for saving lives as the result of installation of an inhalator and resuscitator at the fire station at 625 Cypress avenue, it was announced by W. G. Knox, city manager.

Equipment of the device with instruments required was completed today and the instrument and trained men of the fire department are ready to answer a call to service in any way in which the equipment might be used to save a life.

Dwight Miller, of the Cypress street station, who has taken a special course in this work in Los Angeles, will head the crew that will operate the inhalator.

HAMMER PLANS LONG TRIP TO LOCATE GIRLS

That Capt. H. H. Hammer, secretary of the San Clemente Chamber of Commerce, is planning to return to East Cape, Siberia, in an effort to locate two little native girls of that country he brought to this country with him on his return from exploration of the Arctic as a member of the Amundsen party that sailed from Norway in 1918, was revealed by Captain Hammer in an address at the meeting of the Rotary club at noon today in the banquet room of the First Christian church.

Captain Hammer was one of the eight men forming the Amundsen party, and in his discourse recounted many of the amusing and interesting incidents of the trip. He pointed out that the ship Maude in which the exploration party sailed was built in the shape of an egg, on the theory that instead of getting wedged in ice packs it would be forced up and rest on the ice. The theory proved to be correct, he said.

In speaking of the two native children, he said that he and his wife had become very much attached to them. They learned American ways very readily and took kindly to schooling. While Captain Hammer was away on an extended trip, the girls were sent back to their native country. They are supposed to be located in the vicinity of East Cape, but efforts Captain Hammer has made to locate them has been futile, and he has decided to make a special trip there to see if he can find them.

Directed by Mrs. Frances Beeson, pupils of the second grade at McKinley school sang special songs appropriate to the school bonds to be voted on June 11.

GIRL RECOVERING FROM POISON BOOZE

When deputies went to the home of Mrs. Adolph Sepulveda in El Modena yesterday in response to a call she made, they found Marie Sepulveda, 19, in a serious condition and raving, with only short rational periods, which the girl's mother asserted was the result of drinking poison liquor while out riding Sunday night.

The girl was taken to the county hospital where today she is reported out of danger.

The story told Deputies Fred Humiston and Joe Scott by Mrs. Sepulveda was that her daughter went for a ride Sunday night and that the girl was offered liquor and after two drinks became very sick and was taken home.

reported, "which is overflowing for the entire length of the valley. The explosions are impressive, both as to force and as to quantity of molten material emitted from the volcano."

The lava stream flowing toward Terzigno attained a more marked speed during the early afternoon and at the same time Prof. Malladra reported was within approximately 400 feet of the village, a section of which was evacuated by several military motor lorries, which were kept in readiness in the event evacuation becomes general.

The eruptive cone of the volcano ripped open for the entire depth of the northern side and the greater portion of the torn material crashed inside the eruptive conduit of the volcano. The crack so formed constitutes the source of a molten stream which divides into two rivulets when it emerges from the crater.

Prof. Malladra's opinion was that eruption constitutes the customary summer recrudescence and hence the activity of the last few days was not considered alarming.

Brutal and dangerous sales policies of competitors, working an inhuman hardship on the sorely tried tobacco trade, cannot halt the success of Lucky Strike. Lucky Strike, the choice of experts, is now the favorite of millions. Public testimony of those whose voices are precious, of those who keep trim, of those who prize the slender figure of fashion, and 20,679* physicians substantiate the benefits of the secret toasting process. J. S. SMART IS NEW CHAIRMAN OF DIRECTORS

Entering the employ 14 years ago of the Smart-Final Wholesale Grocery company as a bill collector at $70 a month, and since assuming at different times very important duties in connection with the operation of the company, W. S. Suddaby today had been advanced to the office of president and general manager of the enlarging company an organization that last year did a volume of business aggregating $9,000,000.

Suddaby was elected at the annual meeting of the company held at the office at the company plant on East First street yesterday afternoon. Other officers chosen were J. S. Smart, retiring president, chairman of the board of directors: H. D. Final, Wilmington, vice president; A. W. Lutz, Wilmington, vice president; E. A. Maher, Santa Ana, secretary; Miss Alice Wasser, assistant secretary; Suddaby, treasurer. The board of directors is composed of Suddaby, Smart, Final, Lutz, Samuel Nau, of Tustin, C. A. Miller, of Santa Ana, and A. E. Bennett, of Eagle Rock.

With the election of Suddaby to the head of the organization, came the retirement of Smart, who has been president since February 1, 1914, and to whom is given much of the credit for the success the institution has had.

Recent acquisition of a large chain of cash and carry wholesale grocery stores has placed the Smart-Final company in the position of the second largest chain store operators of wholesale cash and carry stores in the United States. The company has 54 branch stores.

As president of the company for 15 years, Smart in making his final report as such officer, expressed his satisfaction at being relieved of the responsibilities, and recapitulated some of the history of the organization. He pointed out that when he became identified in 1914, the company was doing $300,000 worth of business annually.

"Earnings were practically nothing, and the company was losing its cash discounts because it was pressed for capital,' Smart says in his report. "Today the annual sales are nearing the million dollar mark, the firm is making the best record for earnings in its history, its capital requirements are ample, every available cash discount is taken and the company's paper commands the lowest interest rate prevailing in financial markets of the country.

"Returns to stockholders have been very satisfactory, dividends on the common stock aggregating 237 per cent, or an average of 15 8-10 per cent per annum for the full period."

Smart commented on the fact that $100 invested in the company in 1914 today would show a total of $13,401 63, if hte dividends and interest had been reinvested, as received, at 6 per cent per annum.

"This result will compare very favorably with that attained by the most successful mercantile concerns in the country, and has been realized in spite of difficult times during and immediately following the World war," the retiring president said.

"Not alone has the success of the company been satisfactory from the financial standpoint. The company has been a real protector, not to say savior, of the independent retail dealer in the last five years. The chain store, particularly in thickly settled portions of the country, threatened to drive the independent from the field, but our adoption of the cash-and-carry plan of wholesaling staple groceries saved the financial lives of thousands of dealers in Southern California."

PRIZE WINNER

Miss Mariam Pendleton, Brea, who was given the title of "Miss Orange County" and presented with an automobile in Orange last night.

700 Persons Present at 40 and 8 Affair In Orange Monday

Seven hundred guests were present at the 40 and 8 dance given in the Legion hall in Orange last night, when Miss Mariam Pendleton, of Brea, was announced as winner of the "Miss Orange County" contest. Popular vote swayed the title to the charming young winner, who is an employe of the First National bank, of Brea.

R. H. McCalla, chef de gar of the 40 and 8, presented the winners their prizes. Miss Pendleton received a fully equipped six cylinder coupe.

Miss Dorothy Mayhew, of Santa Ana, was second place and was awarded a diamond ring. Mrs. D. E. Burry of Huntington Beach, winner of third rating was given a diamond ring and Mrs. Lottie Brookbank, of Tustin, fourth, was presented with a diamond studded wrist watch.

J. T. Allen, of Los Angeles, was awarded a sedan.

The large group of guests spent a most delightful evening, it was said today. Music was furnished by the Jack Ludhill dance orchestra. James Walker, son of Mr. and Mrs. H. C. Walker, of Orange, winner of the baby contest, was introduced.

COURT AWARDS BALBOA CHILD, 13, TO AUNT

Superior Judge E. J. Marks today had awarded the custody of Marjorie Jean Greeley, 13, of Balboa, to her aunt, Mary Mathewson Wills, of Culver City, as a result of a hearing in which the girl's parents, Henry and Ruth Greeley, were seeking control of the child yesterday.

Marjorie will remain with her mother until Friday, when she will graduate from the eighth grade of the Newport Beach school. The court admonished Mrs. Greeley to stay at home with her daughter during that time and "be a mother to her." Under her aunt's custody the girl was instructed to avoid all public dances. The court told her she might attend private dances for girls of her own age, when chaperoned by her aunt. Her father had testified that the girl attended public dances recently where she was thrown with companions of which he disapproved.

In the course of his remarks the court advised Marjorie to avoid cigarets and stated that he hoped he "would never know the taste of liquor."

Mrs. Greeley has filed suit for divorce and her husband has filed a cross-complaint. It is expected that a property settlement may be arrived at within a few days. The divorce issues have not yet been tried. Carl Cowles appeared for Mrs. Greeley yesterday while T. L. McFadden represented her husband.

78 HEIRS ARE LISTED IN WILL OF J. P. MAYHEW

What is believed to be the longest will on record in Orange county in respect to the number of heirs listed was filed today for probate and showed that the late Joseph P. Mayhew, of Anaheim, who died May 14, left property in Orange county valued at approximately $106,000.

In the petition for admitting the will to probate 78 heirs were listed. Among them were two Anaheim residents, Joe Risley and Mary I. Wilson. The remainder of the beneficiaries reside in other Southern California and middle western points.

The property consists of Orange county real estate valued at more than $94,000, promissory notes and stock. The petition was filed by L. H. Darling, of Riverside. O. T. Cailor, Anaheim, was named as one of the executors but renounced his right to act in that capacity. Mayhew was about 76 years of age at the time of his death. His will was made on February 14, 1925. There was a codicil made December 1, 1927. The petition was filed through Tipton and Cailor, Anaheim attorneys.

Buena Park Man Hurt In Crash

Hospital treatment for K. Kaurakami, 30, a resident of Buena Park, was required as a result of an automobile accident in which he was involved that took place on Lincoln boulevard west of Anaheim at 5 o'clock last evening.

The report of the accident made by Oscar Kelly, state traffic officer, showed that the crash which resulted in the injury of the Buena Park man and considerable damage to his machine, occurred, according to the statement of L. W Still, 50, 2129 East First street, Long Beach, when Kaurakami, who was ahead of Still and proceeding in the same direction, attempted to make a left turn into a dirt road without making a signal.

TEJÊRO of Barcelona

Beauty Advisor by Appointment to 3 Reigning Queens

advises daily use of Palmolive Soap

Spanish beauties have long known the cosmetic value of olive oil. Scientifically blended with palm oils, it has its greatest beauty effects in Palmolive Soap.

"Regular cleansing twice a day with Palmolive Soap is my advice to my clients. The effect of the pure palm and olive oils in this soap keeps the skin always in the proper condition."

BARCELONA

IN SPAIN, the country of olive-skinned beauty, care of the skin is entrusted to men who are not only beauty specialists but dermatologists as well. Of these, one of the highest in rank is Tejero, of Barcelona.

A skin specialist of renown, Tejero studied at the faculty of medicine at Zaragoza. He holds a surgeon's diploma and has practiced his profession in Paris and London—in Berlin and Brussels—in Vienna, Budapest and Prague.

Tejero's distinguished clientele

In Paris he was privileged to attend the Queen of Holland and her daughter. In Belgium he served Her Majesty, Queen Elizabeth. He has, of course, attended the Queen of his native Spain . . . and his many distinguished patrons include not only Ladies-in-Waiting from all the Courts of Europe and the Castilian aristocracy, but numerous celebrated artists of the stage and musical world.

Senor Tejero always prescribes Palmolive for home treatment and attributes much of his success to the fact that his clients follow this advice:

"No skin can remain healthy for long unless it is thoroughly cleansed twice a day with soap and water," says this famous Spanish authority. "The effect of the pure palm and olive oils in Palmolive Soap is to penetrate gently but deep down into the pores . . . and to soothe and rejuvenate the tissues."

Other international authorities who prefer Palmolive and stress the value of its olive oil content include Cavalieri, of Paris; Jacobson, of London; Attilio of Rome—and hundreds of the leading beauty artists of the world. Act upon their advice this very evening. A radiant complexion will be your reward.

Massé of Paris recommends, as do the great beauty culturists of Europe and America, twice daily "foundation cleansing"—the massage with rich, warm Palmolive lather for two minutes, followed by warm, then icy cold water.

Greatest professional endorsement of any product.

BARK DISEASE MEETING SET FOR TOMORROW

groves throughout Orange county reveals that there is much need for improved practice in the control of scaly bark disease, Harold Wahlberg, farm advisor, said today. Scaly bark, although slow acting, is very persistent and will sooner or later reduce the vitality of the orange tree if not treated in time. The treatment of this bark disease is quite simple, but must be done thoroughly and followed up regularly for new outbreaks, Wahlberg stated.

"At least annual inspections should be made of each tree after they are six years old to find the outbreaks in the early stages, he said. "This is an important phase in the control program. Too often we find the disease has been allowed to progress to a point where it is very difficult to check and the cost of treatment is greatly increased. A stitch in time saves nine.

"Thorough scraping with special scraping tools over the diseased area plus an eight-inch area surrounding the disease is the normal treatment. The use of a disinfectant, such as permanganate of potash, one teaspoonful to a pint of water, is recommended. The failure of much control work done by the grower or his hired man is due to lax scraping methods.

Poisoning for snail control in citrus trees will be demonstrated tomorrow.

The demonstration meetings will be held as follows: Wednesday, 10 a. m., Tustin, C. G. Dowd's grove, First street, between Lyon street and Tustin avenue. 2 p. m., Anaheim, George Allen's grove, corner East street and Santa Ana street, one block south of the east end of Broadway.

All growers are urged to attend.

SANTA FE NOT IN FAVOR OF SUBWAY PLAN

With the Santa Fe railway company advising that it will not cooperate in the proposed construction of a subway on East Fourth street under the tracks of the Southern Pacific and Santa Fe, City Attorney C. D. Swanner today was preparing to "pass the buck" to the railroad commission for decision as to whether the railroads should co-operate in financing the enterprise.

The Santa Fe objects to the underground structure because it is not a complete separation of the grade crossing. It will be necessary to maintain surface roads to permit access to the depots of the two railroad companies, and the Santa Fe engineers point out that this company would not be relieved of liability or of the expense of maintaining a crossing attendant.

The situation was discussed at the council meeting last night and decision was made to continue the proceedings to the point of making the application to the railroad commission. The expense of drafting plans and specifications already has been incurred. Should the railroad commission deny the application, and it is generally conceded it will, it is possible the project will be abandoned.

The city attorney was not in position to say today whether denial of the application would absolutely block the project. It is his intention, he said, to later investigate the point as to whether the subway could be built by property owners paying all costs, regardless of approval by the commission.

Stating that a car she was driving recently collided with a city street sweeper because the driver did not give a signal that he was to make a left hand turn, Mrs. Clara Harmon, in a communication to the council, urged that the sweeper be equipped with a signalling device. The control wheel of the machine is on the right hand side. The matter was referred to the city manager.

The city manager was instructed to check and report on the sufficiency of a petition filed last night for the opening of Richland avenue from Flower to Shelton street.

Permission to sell and distribute fireworks was given C. S. Kelley, Fourth and Main; Carrie E. Adams, 451 West Fourth; C. E. Guard, 633 South Main, and H. I. Reed, local representative of a Los Angeles morning paper.

Application of H. K. Christenson to accumulate old papers at 2237 South Olive street was referred to the city manager.

The Santa Ana Electric company was given permission to hang electric sign for the Rainbow cafe at 309 North Sycamore street.

Adoption was made of an amendment to the fire ordinance permitting storage of gasoline in surface tanks on acreage pieces in the city limits. The amendment was made to take care of the situation of farmers within the city limits storing gasoline for tractors. The provision is made that the surface tank must be at least 50 feet from a building and 100 feet from adjoining property lines.

GROWERS REMINDED OF DUSTING PERIOD

Deputy Horticultural Commissioner W. H. Wright today reminded growers in Orange county that now is the time for spraying or dusting for codling moth. Approximately two weeks of the control period remain, he stated.

There are 6000 walnut trees on town lots and in the parkings of Santa Ana, said Wright, urging that these trees be sprayed. Between 6000 and 7000 acres of walnuts will be treated this year, he said, pointing out that, if all growers co-operate, 100 per cent coverage may be obtained this year. Either spraying or dusting may be used but the horticultural commissioner's office recommends spraying, Wright explained.

A test taken at random by Dr. Theophile Raphael, recorder's court psychiatrist here, partly proves it. Out of 100 drivers tested, all of them traffic violators, one was insane, 13 were classed as feeble minded and 42 were of inferior intelligence.

BURGLARS GET $152 IN CASH AND REVOLVERS

Two burglaries that netted the thieves $152 in cash were repotred to police authorities in Santa Ana yesterday, one of a residence on East Washington avenue and the other of a general merchandise store in San Juan Capistrano. A co-incidence of thefts was the fact that revolvers were stolen at both places.

The biggest haul was made at the Capistrano store, where the robbers secured $150, according to the report made by F. F. Kelley, proprietor, to the investigating officers from the sheriff's office. An iron grating over a window of the store was forced so the intruders could crawl through and they ransacked two cash registers and one money drawer in their search for money. The fact that they failed to open one of the drawers in each cash register and did not molest another money drawer in the store kept the total loss from running high as additional funds were in the places the intruders failed to search.

Chief Criminal Deputy Floyd Howard stated in his report filed today that Kelley was of the opinion the burglary was the work of Capistrano boys. The officers have several suspects they are watching in connection with the case.

During the absence of the family, the residence of A. T. Alberts, 1335 East Washington avenue, was ransacked between 7:30 and 11 o'clock yesterday morning by burglars, who gained admission to the house by cutting the screen over a bedroom window. Cash amounting to $2 and a revolver were missing, according to the report filed with Santa Ana police.

The robbery was discovered by one of the Albert boys when he returned from school and found the contents of desk and dresser drawers scattered over the floor. The robbery was reported to police by I. L. Staddard, of 1338 East Washington.

"Why, doesn't' milk make the brain stupid?"

"No, it is an excellent source of strength."

"My master says his wits are quickened for the first half hour by liquor," challenged the Beer Bottle.

"Did he tell you how, later, his body could not act in co-ordination with his brain?" questioned the Milk Bottle.

"No—, he did not," answered the Beer Bottle.

Milk Bottle: "Since the ratification of the Eighteenth Amendment the use of alcoholic drinks has been less."

"But why should men lose their personal rights? Is not the drinking of liquors a personal right?"

Milk Bottle: "Dr. Mayo says, 'The rights of the few who cannot see ahead or have the future of their nation at heart must be regulated, to safeguard that great body of future citizens who are now ready to step into the ranks'."

"To do hard physical labor, is not strong drink necessary?" argued the foxy Beer Bottle.

"There is more strength in a penny's worth of bread than in liquor, Mr. Beer Bottle. Besides milk gives grown persons strength for work. It has been found that in places of employment, in which there is dangerous machinery, where men have been persuaded to try drinking milk instead of beer, there have not been so many unnecessary accidents.

"There is also an advantage in securing promotion to higher and better work in which one must have a quick alert mind. If you do not indulge in intoxicating drinks, you stand a better chance of receiving a promotion."

"Do not the people in society drink liquors?"

"Yes, very often you notice people in society drinking. These are not the people who help the United States progress, but are the ones who slacken its speed."

"Milk Bottle, what does this boy mean when he says 'Jack, do not spend your hard earned money on liquors, it is useless'," questioned the Beer Bottle.

"He means, when a man lowers himself to drink liquor, a desire for more creeps into his body. His will power grows weaker and weaker until he can no longer resist this temptation. He will soon crave this drink so badly that he will spend all his money for it. His family becomes poor and friends and neighbors have to give them food and clothes."

Beer Bottle: "Yes, Mr. Milk Bottle, your statement may be true. I glory in the destruction of man's will power, self respect and ambition. The demolishing of laws and health is my great delight. I destroy men and women by the thousands. The helpless child is my prey. I am the ruination of the nations of the world."

"Milk Bottle: "I am the one who builds character and muscular strength. I erect kindness and encourage ambition and energy. I am the one who transforms a small life into a healthy man or woman."

NEWS OF LOCAL SCHOOLS

JULIA LATHROP

The Lathrop Girl's Glee club has been very busy during the last few weeks. On May 21, the girls sang at Costa Mesa for the P. T. A. On May 22, the Kiwanis club at St. Ann's Inn was their engagement for several selections. They sang at the Methodist church May 28, for the Santa Ana P. T. A. and the national president and on June 10 they will give a program for the Ebell club.

We are very proud of all this activity, for we know it means that Lathrop has again put herself first. Much credit is due Miss Edith Cornell and Miss Maxine Zolman for their untiring work with the glee clubs and for the unquestioned success which they have made.

On May 24, the semester party given by the low 9 girls to the girls of the outgoing high 9 class was held in the school cafeteria.

Little formal notes of invitation were given to each high nine girl and to the class teachers. Guests were met at the door by a very gracious reception committee of low 9 girls. Anna Scheffer, chairman of the program committee, announced the following numbers: The school song by all the girls; a reading, "The Modern Girl" by Virginia Ramsdale; vocal solo by Anna Scheffer; accordion solos by Leon Taves, and a play called, "Rosalie" by Vivian Martin, June Wright and Alice Martin.

Delicious refreshments of sandwiches, punch, wafers and fudge were served by the hostesses.

Mr. Nelson gave a talk to the girls, telling them how much he appreciated their fine attitude during their three years at Lathrop and asked that they would not entirely forget Lathrop when they left for other schools.

After some cheers, led by the yell leader, Ruth Dunn, the 140 invited guests dispersed.

All of the work and preparation for this party was done by the girls of the low 9 class and we feel that a great deal of credit is due them for their efforts.

The typing department at Lathrop is working over-time these days. With all of the extra work to be done on graduation booklets, school news and notices of various sorts, there is no doubt that the Lathrop typists are getting their share of practice. Through it all, however, they remain cheerful and ready to serve and we feel that they have the true Lathrop spirit of service.

The following children have achieved a place on the honor roll in "The Melody Way" piano classes the past month because they were (1) regular in attendance; (2) punctual; (3) attentive; (4) industrious in practising in class, and (5) careful in the preparation of their lessons:

SPURGEON

Spurgeon School Fair

At the Spurgeon school fair, held May 24, the children and grade mothers sold peanuts, candy, cakes, pies and orange juice.

Carl Lee Aubrey.

The cooked food booth of the Spurgeon school fair was a great success. Many children made cakes, candy, salads and pies. One cake, quite a bit larger than the rest, was made by Emma Fowler, a student of the fifth grade. It was a sunshine cake with "Spurgeon School" written on the top.

Genevieve Grayson.

The children embroidered many beautiful things such as aprons, scarfs, towels, doll dresses and holders.

Gladys London.

Many pretty flowers were shown at the fair. First, second and third prizes were given on the flowers.

Booster Club President

Robert Tannenbaum of the 5m section was elected to the office of president of the Willard Booster club for next year at a recent meeting. Tannenbaum is the present editor-in-chief of the Willard Arrow, has taken part in all school activities and is a member of the Honor society.

Claude Owens was elected vice president, and Sammy Tucker, secretary, for the ensuing semester. Under such capable and progressive leadership as these three fellows promise, according to their previous experience in school activities, there is every reason to believe that the Willard Booster club will be one of the most outstanding organizations for school progress next year.

Honor Society Holiday

Willard Honor society members took advantage of the privilege of one day off each semester last Friday, following Decoration day. This provided quite a lengthy vacation just before the "final lap" of the school term. The society usually plans on some definite excursion of special interest but this term it was decided to take the day off to be spent as each individual preferred.

Those enjoying this privilege were Roy Gundrum, Ruth Jenkins, Betty Smedley, Esther Vogt, Florence Warmer, Esequiel Chavez, Irma Leigh Fernandez, Aileen Fitzpatrick, Carmela Italiano, Mary Mendenhall, Dorothy Oliphant, Nora LaRosa, Ella Pleis, Robert Tannenbaum, Sammy Tucker, George Fiske, Mildred Franke, Marian Hawk, Claude Owens, Dorothy Spicer, Elizabeth Woods, Margaret Arrowsmith, Beatrice Hinkle, William Curnutt, John Ramirez, Elizabeth Sturtevant, Katherine Fitzpatrick, Louise Sexton, Mary Wallace, Annie Tucker, and Mary Jane Zink.

Summer Session Starts

The regular six weeks summer school for elementary, junior high, and senior high divisions will be in session at the Willard building from June 24 to August 2, from 8 a. m. to 12 m. daily. Courses in practically all subjects will be offered primarily for the purpose of making up work. Pupils may, however, do advanced work with the permission of the principal of their school. Register with Will S. Kellogg, principal of summer session, as soon as possible.

Snappy Program

The Willard student body enthusiastically approved of the snappy program of various stunts given by the faculty at the regular assembly period last Friday afternoon. Many interesting take-offs both on faculty members and pupils proved most entertaining. The first number on the program was a humorous skit entitled "Sir Ronald the Ruthless" in which pirates were featured in mysterious undertakings. The parts were taken by the men of the faculty. Miss Dorothea K. Smith read the play.

The next number consisted of two selections by the school quartet, including Miss Dorothea Smith, Miss Esther Jean Davis and Miss Freda Schroeder. They sang "To a Wild Rose" and "Welcome Pretty Primrose." Miss Grace Smiley played their accompaniment.

The famous "Mud-Center Orchestra" composed of Norman Hicks, playing a trumpet, and Arnold Lund playing a banjo, made a big hit. They played jazz and were accompanied by Miss Ruth Langley. Another interesting number was the "take-off" song originated and sung by Mr. Hicks and Mr. Lund.

C. D. Chamberlin's solo orchestra was another highly amusing number, in which he played a harmonica and a violin while taking the part of a "would-be" blind street beggar.

The last number consisted of a faculty meeting in which all teachers took an active part in discussing school affairs and various students in particular regarding the school honor society, graduation, etc. This part especially appealed to the students.

Summer Playgrounds

With the approaching close of school Willard students will be interested in data concerning summer playgrounds. L. W. Archer will again be in charge of summer playground work in Santa Ana. At Willard school Arnold Lund will be in charge, and Harold Bracewell will have charge of the wood shop. They promise an interesting and varied program of activities, to last for the eight weeks of July and August. For boys and girls there will be indoor tennis, basketball, horseshoe and croquet tournaments. Paddle tennis, pushmobile races, tumbling and pyramid building will be listed among regular activities.

The annual circus, where all playgrounds unite in one big celebration, needs no further comment to all who have seen it.

Any club at Willard desiring to meet throughout the summer will be given a regular time and place. The Tumbling club, Model Yacht club, Airplane club and many others may take advantage of this. The woodshop under the direction of Mr. Bracewell will be open each day from 1 to 3 p. m. An opportunity will be given there for constructing everything from model planes to cedar chests. This is but a part of the program now under way for summer playground work. This schedule of events is open to all, free of charge, and under no particular obligation to sign up or attend for any definite period of time. Those who are interested are asked to appear at the Willard grounds on July 1.

DIAMOND

Parents and teachers of Diamond school carried out a delightful surprise picnic dinner for the pupils of the school Friday. Children were asked not to bring any lunch on that particular day, as they were to be dismissed earlier than usual.

Promptly at noon they were marched into the hall where tables were filled with many varieties of food much to the amazement of the youngsters.

Mothers present aided the teachers by acting as hostesses to different groups of children.

BAKED SWEETS

Medium sized new beets, washed carefully and baked an hour in an even temperature, are delicious. No food value is lost and they present a new dish to most families.

Why is she edging away? he wondered. Then he saw the newspaper headline—"Hotter weather here—lookout for 'B. O.'"

Body odor—was that *his* trouble? Read Bill's own answer.

"Tricky 'B. O.' It fooled me all right.

"Yes, I perspired. But in a healthy, normal way. I didn't notice any unpleasantness.

Recent Discoveries by Medical Science Prove Conclusively that Constipation—Indigestion—Dyspepsia—Biliousness—Hyperacidity—Auto-Intoxication—Disturbed Heart Action—Overloading of Kidneys with Consequent Excess of Uric Acid in the Blood—Headaches—Nervousness—Sleeplessness—Mental Depression—Dizziness—Bad Breath—Coated Tongue—Sallow Complexion—Sluggishness—Sour Stomach—Loss of Weight—Loss of Vitality—Loss of Appetite—Rheumatic Pains Due to Toxic Poisoning—and Mental and Physical Inefficiency Can Be Traced, in Most Cases, to One of Three Things, a Sluggish Liver, Impoverished Blood or Improper Glandular Activity.

If These Vital Organs and Fluids Are Not Performing Their Proper Functions — Sickness — Suffering and Ill Health are the Inevitable Results.

The commonest and greatest curse of any of these is constipation. It is man's greatest enemy. It poisons him, slows him up mentally and physically, breaks down youthful strength and vigor, ages him prematurely, and leaves him an easy victim to the attack of almost countless diseases.

Ever since the dawn of civilization, mankind has been searching for drugs and medicines that would give relief from these common ills.

Two thousand years ago, Hippocrates, history's first physician, was trying to cure constipation by using purgatives. And until recently, millions of people throughout the civilized world have been trying to do the same thing—with the same lack of success that Hippocrates had.

Purgatives and laxative drugs have never cured constipation—and never will.

Within the past few years Medical Science has made some amazing discoveries—discoveries that will have a far-reaching effect upon the health and well-being of mankind. These discoveries absolutely disprove many of the beliefs, practices and theories that we have known for a life-time.

For centuries we have believed that bile was a harmful, nauseating substance that made us sick, or bilious. Medical science has now proven conclusively that bile is in reality and in fact, a veritable health-giving and life-sustaining fluid with many all-important functions—and that biliousness is not due to too much bile, but to a lack of it.

In attempting to stimulate the liver and increase the bile flow, Calomel is the drug that has been most widely used throughout the world for many years. And now science has proven that this poisonous, nauseating chemical has no action whatever on the liver or bile flow and that it confines its action to the intestinal tract. It is a purgative and nothing else.

Here is what an eminent authority has to say about Calomel:

"Contrary to the belief adhered to for many years, calomel has no action on the liver or bile flow. This belief existed and was based on the color of the stools after the admintration of calomel. It has, however, been thoroughly demonstrated that the characteristic greenish stools are colored by the calomel itself, and does not indicate the presence of bile.

"Calomel is a mercury compound which exerts a cathartic action through the irritating effects of small quantities of mercury which are liberated from it. Large doses of calomel probably favor bacterial increase by lessening intestinal resistance. It is not suited to long use because of its systemic action."

Having made this discovery, scientists then began a world-wide search for something that would stimulate and invigorate a sluggish liver to action.

This search has been rewarded. They have found a substance which, according to the highest authorities, is the most powerful stimulant to the secretory, or bile-producing, activity of the liver known to materia medica.

Unlike Calomel, it does not shock or upset the system, cause nausea or any other ill effects so common to calomel. On the other hand, it
is designed to stimulate

14 Astonishing Facts!

As a result of world-wide medical research, Science has learned the following i
facts:

1 That Calomel has no effect whatever on the Liver or bile flow and confines its action to the intestinal tract.

2 That the cause of eight out of ten cases of stomach trouble has nothing whatever to do with the stomach itself.

3 That indigestion, dyspepsia and constipation are due, in the great majority of cases, to an insufficient flow of bile caused by a sluggish liver.

4 That biliousness is not due to too much bile, but to a lack of it.

5 That to enjoy good health, the liver must manufacture an average of three pints of bile every twenty-four hours.

6 That bile, in place of being a harmful substance which makes us sick, has many all-important functions.

7 That bile is a powerful digestant without which food cannot be properly assimilated.

8 That bile is Nature's own laxative, so certain in its action that people with a normal flow of bile are practically immune to constipation.

9 That bile is an antiseptic and less
terial growth in the intestines and
putrefaction and the formation of g
also an alkaline and counteracts hyp

10 That bile is, in short, a veritable life
ing fluid. If we lack it, the process
tion, assimilation and elimination be
ranged, causing many gastro-intest
turbances.

11 That seven out of every ten people
age of thirty suffer from an insuffic
of bile caused by a sluggish liver.

12 That there is no drug or medicine
an effective "blood purifier," altho
lions upon millions of dollars have b

13 That the secretions of the endocryn
affect mental as well as physical
and that they make us either ambi
alert or dull and depressed.

14 That good health is largely maint
three vital organs and fluids of th
body, which can be stimulated and
rated by certain basic elements.

Science has succeeded in combining these elements in the new and revolutionary formu
Sargon, which may well be considered the greatest health-giving remedy of the age. In al
cities where Sargon has been introduced, dealers are buying it in solid carload lots to su
phenomenal and overwhelming demand.

Rundown and debilitated people by the thousands are reporting prompt recovery of he
bodily vigor through methods undreamed of a few years ago. Never before has any medicine
such widespread interest at Sargon, which may now be obtained in Santa Ana from the Schramm
Drug Co.—Adv.

ONGHTA BE A LAW

MADISON, Wis., June 4.—Prof. A. G. Barry, University of Wisconsin sociologist, believes that if policemen in the average Wisconsin city tried to enforce all the laws and ordinances they are sworn to uphold, a new police force would take their place in a week. "Seeking its social Utopia through legal enactments," he recently said, "America more than any other nation of the modern world has made its statute books the vehicle of social experiments. Hardly ever are the unsuccessful experiments repealed. Consequently, there is little or no reverence here for law as law."

Vaudeville Will Be Featured On Keith Radio Hour

With a group of well-known vaudeville artists as the entertainers, the weekly Radio-Keith-Orpheum hour will be broadcast through a coast-to-coast network of NBC system stations tonight from 7:00 to 8:00 p. m., Pacific standard time. (Details are not available.)

The program will be broadcast through the following Pacific coast stations: KHQ Spokane; KOMO Seattle; KGW Portland; KGO Oakland; KPO San Francisco and KFI Los Angeles.

GEO. GOTHARD RITES SET FOR WEDNESDAY

Funeral services for George Gothard, 77, will be held at the Smith and Tuthill funeral chapel here Wednesday at 2 o'clock. Mr. Gothard had been a resident of Orange county, near Huntington Beach, since 1874. He died in Los Angeles June 1.

The pioneer resident of this vicinity is survived by his widow, Mrs. Ellen F. Gothard, and nine children, Mrs. Elizabeth Vervoren, Mrs. Mary Buchanan, Mrs. Ethel Sebastian, Mrs. Agnes Powell, B. T. Gothard, George E. Gothard, Elmer C. Gothard, and two stepsons, Elmer T., and Joseph R. Gothard, and a brother, John Gothard, of Illinois.

Mr. Gothard was well known throughout Orange county. He engaged in ranching activities for many years.

1400 Members Of Farm Bureau To Get New Signs

One thousand four hundred and two Orange county ranchers are going to tell the world again that they are members of the Orange County Farm bureau. Today, 4-H agricultural clubs throughout this section were replacing farm bureau membership signs put in place several years ago.

Under the direction of Assistant Farm Advisor E. E. Eastman the club boys today were erecting the neat blue and white signs at the home of each farm bureau member. Eastman pointed out that the names of the ranchers have been omitted from the new insignia, a number of farm bureau members having requested that this be done.

Westminster, London, will spend nearly $800,000 in improving its summer resort attractions.

PAIN IN YOUR SHOULDER?
Use Tysmol for Relief

Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm.

The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing, aching peripheral nerves. The pains usually stop at once, and in a very short time the last trace of soreness should disappear.

Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, whether caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at

'CHRISTIAN AND LIFE' TOPIC OF REV. BUCHANAN

"The Christian and His Life" was the subject of the Sunday morning sermon as given by the Rev. Walter Scott Buchanan, pastor of the First Christian church.

Approaching his subject through the theme of the deepening of spiritual life and a series of word pictures, the minister said in part:

"The secret of the first Pentecost was a complete surrender of the individual life. Had it not been so, the Holy Spirit could never have accomplished his work through the apostles. Men of Antioch saw that the disciples had been with Christ in spirit; that they talked of Christ; they lived for Christ and they worked for Christ. And the men of Antioch said 'These men who are connected with Christ, are Christians.' In order to find out how they lived we have to find out how Christ lived.

"On investigation we find that Christ first was pledged to His Father's business; second, He went to the desert where He could be alone with His Father and learn about His task; and third, that He came back with a mighty purpose that swayed His whole life.

"Christ went about doing good, helping, healing, loving; He separated Himself absolutely from sin and its appearance. He dedicated Himself to the doing of His Father's will and He sought the salvation of all friends and enemies. In order to do this He gave His life on the cross.

"Here is the purpose of a Christian's life, catch it, be true to it. A Christian is one who is never satisfied until friend and foe are made followers of Jesus Christ. A follower of Christ doesn't want to see people in chains, in sin, in impurity, in sorrow, in suffering; but a Christian's all communing passion is to see all, whether friend or enemy, in Christ.

"Peter says a Christian is one who suffers the reproaches attached to Christ. You are suffering reproach for the name of Christ; you are living in the midst of the impure the life of the pure. Christians therefore are those who are separated from evil in thought, in desire, in action, and who, because of tat separation, will have to suffer reproach.

"Now let us sum it all up.

"A Christian is first a disciple of Christ, one whose whole life centers in Christ and whose life circles about Christ so that it becomes manifested to the world that that person is a follower of Jesus.

"Secondly, a Christian is one who is not merely himself loyal to Christ, but into whose heart there has entered a great passion of desire to win others to Christ.

"Third, the Christian is one, who, because of that devotion and loylty to Christ and separation which it entails from the evil of the age and the methods and maxims of men, will suffer reproach for Christ, will be a puzzle to those about him—utterly misunderstood by them and will glory in it, rejoice in the midst of it and counting the reproach of Christ as of being more value than all the trseasures men hold most dear.

"Christians, I pray those thoughts may help us to become the church God wants us to be."

A new Solo Endurance Record

FLYING a Wright motored, stock Lockheed cabin monoplane, using Richfield Aviation Gasoline and Richlube Motor Oil, Herbert J. Fahy, chief test pilot of the Lockheed Aircraft Company, set a new solo endurance record without refueling—remaining in the air 36 hours, 56 minutes, 36 seconds.

Fahy took off from Metropolitan Airport at 4:43:05 a.m. Tuesday, May 28, and landed at 5:39:41 p.m. Wednesday—exceeding the record of Martin Jensen by 1 hour and 23 minutes.

Once again Richfield has played an impressive part in an aerial achievement—just as it did in the flight of the Question Mark army plane, in Captain Wilkins' hop over the North Pole, in numerous record breaking transcontinental flights and endurance records.

Use Richfield in your own car for the same reason it is selected by leading pilots and flyers—power, speed, unfailing dependability. And Richlube pure Pennsylvania Motor Oil—it means longer life to your motor.

Sweet Summer Sneeze

A Little Romance
Of Hot Waffles
On a Cool Day,
A Warm Reception,

Who Thawed Out

GEORGE CLARK

Charles William heard a sudden click behind him . . . the door had blown to, and he found himself locked out in the sharp morning breeze.

IF you snuggled in your bed and thought about it, it was a lovely glamorous summer morning, breathing of blossoms and birds twittering in trees. But if you threw off the covers and made a motion to get up, you knew at once that the brisk wind that blew the curtains inward was no balmy zephyr. Rather, it was a rude gust left over from last March. It is apt to be like that at six o'clock in the morning.

Charles William Everstreet raised his nose one inch above the counterpane and withdrew it hastily, gratefully burrowing down among the covers. He reflected comfortably as he stretched himself in the warm nest of eiderdown that he didn't have to get up. It was Sunday morning.

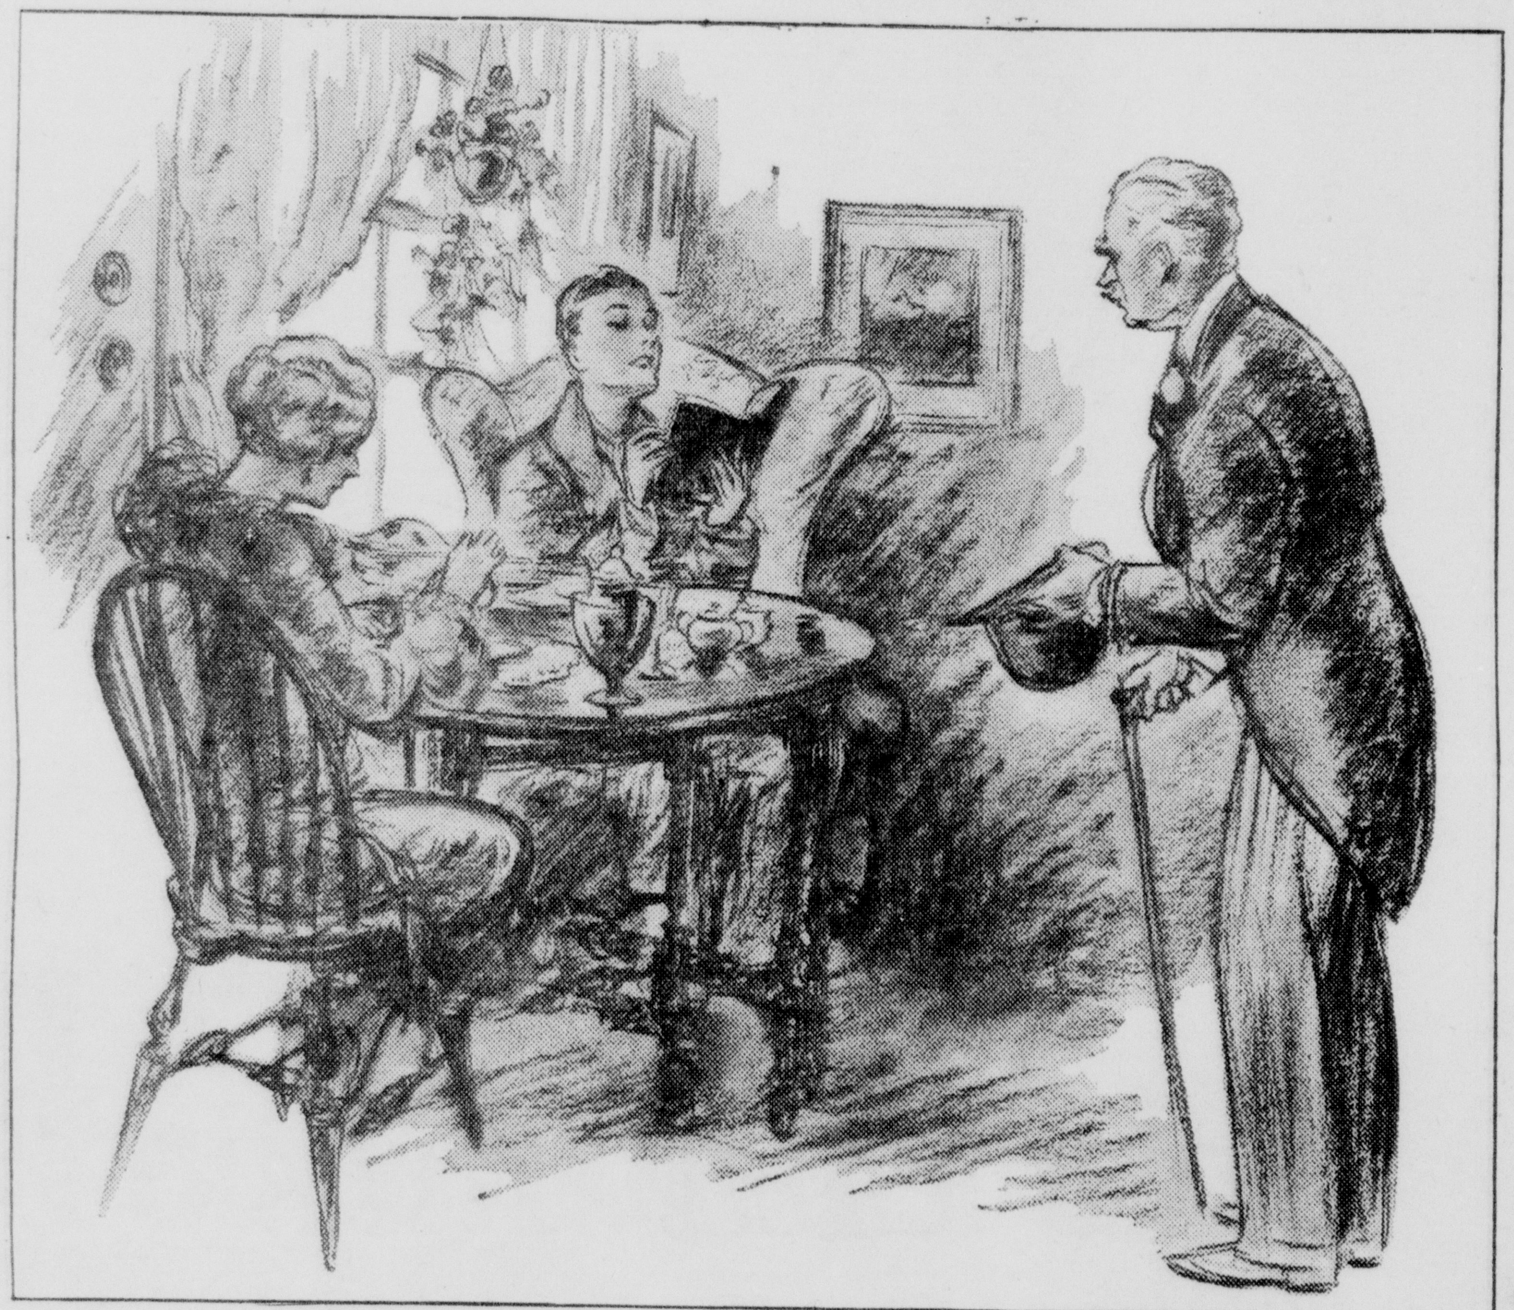
Burrowing still deeper, he gave himself over to thought, and gradually the comfortable feeling gave way to a little of last night's perturbation.

There were two people who customarily caused him perturbation. One of them was Leila, with whom he was in love. The other was Uncle George, who did all he could to place obstacles in the way of that tender passion, Uncle George in whose breast burgeoned no delicate sentiments of spring.

And last night Uncle George had absolutely refused to let him marry Leila, a refusal which would have been of no great consequence, since Charles William was of age, were it not for the fact that the benevolent old gentleman held the family purse strings, and tight.

When he thought about Uncle George and that crusty old gentleman's disconcerting behavior, the enfolding warmth of the bed ceased to comfort him. It was maddening having that old ogre stand in the way of his highly romantic plans.

Charles William stared aggrievedly at the ceiling and for the hundredth time wished that his departed parents had had more foresight than to leave his fortunes in Uncle George's hands. And until he was 30! Gosh, he'd be an old man by then. And Leila—Leila would be withering on the bough.



Uncle George's face, as he stood upon the threshold of Miss Given's apartment, was a study . . . "Upon my soul," he ejaculated in a loud, startled voice, "what is this?"

HE closed his eyes and tried to imagine Leila withering on the bough but it was no good. Leila was not the type. She would go dancing off with some other chap, Ace Pemberton or Sox Farley, perhaps, and Charles William would do the withering. Darn Uncle George! Wasn't he ever young?

Indeed he had been young, and if rumor said truly, had made considerable whoopee in that remote period. And in the flush of youth and, presumably romance, he had even gotten himself engaged to a lovely girl. So far and no farther. It was a scandal in the older set that Uncle George has been engaged to the estimable Miss Given for, going on 20 years now, and yet no wedding bells rang out.

Charles William snorted: If Uncle George expected history to repeat itself—. He thrust a foot angrily out in search of his slippers, found them, and made a shivering dash for the window, slamming it down. He would go and see Uncle George this very day and have it out with him.

He looked about for his dressing gown, but no dressing gown was to be found. Oh, well, no matter. Sox Farley, who shared the apartment with him had probably annexed it for the house party he was attending. He wandered out to the front part of the house, which was warm, and lit a cigarette, still pondering his wrongs.

THE house was a two-family one situated in the Heights section of Brooklyn, quite the proper thing for a couple of rising young brokers with their way to make in the world. The upstairs tenants were away and Charles William had a pleasantly proprietary glow as he went out to get the milk and papers.

In the hall he paused to admire his reflection in the long mirror. His pajamas were of silky material in palest blue with tiny rosebuds scattered over them. Leila had given them to him for Christmas and although they might startle the eye of a stranger, to him they were beautiful. He swaggered a trifle as he went forward and opened the door.

He swooped down on the bottle of milk and thrust it under his arm, and reached for the papers. But the fresh summer wind, whirling down the street, whisked them from his grasp and scattered them over the stoop. In exasperation, Charles William set the bottle down and began picking up the scattered sheets. His teeth chattered and the cold air whipped at his bare ankles.

He straightened up again suddenly, a sharp premonition clutching at his heart. Had he heard a sudden click behind him? Charles William tried the door frantically. He had. He was locked out.

It was vain to push the doorbells desperately. The house was empty. The windswept street was empty. The whole breezy springtime world with its deceitful bird calls and lying smell of flowers was empty. A wind like sharp knives thrust at the thin stuff of his pajamas and frolicked blithely about his insteps.

CHARLES WILLIAM hopped down the steps and raced around the side of the house. Too well he knew that the back door was locked and bolted, but the little cellar door under the steps just might be unfastened.

Before he reached the cellar door, Hope thrust a bright head over the horizon—and while he sneezed and gesticulated — disappeared. Hope was in the person of Mrs. Bridget McInerney, the excellent cook of the people next door. Mrs. McInerney arose out of the basement all arrayed for early Mass.

She took one look at the pink and blue figure mincing over the grass, and retreated to her basement with dignity and decorum. Mrs. McInerney was not unmindful of certain late parties and early morning arrivals at the house next door, but this, she muttered to herself, was carrying things too far. She would take steps about it.

A few minutes later she emerged from the front of the house, still dignified, still decorous, but with a hint of fire in her eye. Church for the moment forgotten, she was on her way to report the matter to Jerry, the corner cop.

Charles William tried the cellar door, and cursed softly under his breath. It was locked. Hang that woman, couldn't she see that he was wig-wagging at her? He was shaking with cold and his breath came in painful wheezes. He hoped he wasn't getting pneumonia. He slapped himself vigorously on the chest and considered his next move.

Then suddenly an idea occurred to him, so simple that he wondered he had not thought of it before. Ace Pemberton lived in the large apartment house a few doors down the street. He would scramble through the back yards and up the fire escape and Ace would let him in. He knew that apartment as well as his own. He started off with long leaps over the wet grass.

MRS. BRIDGET McINERNEY was due for a second shock that Sabbath morning when she arrived in the back premises a few minutes later with the corner policeman in tow. They looked up just in time to see Charles William breaking and entering by way of the fire escape.

"Hey, there! Stop!" called out the arm of the law.

But Charles William did not hear. He had stepped into the sheer heaven of a steam-heated room. The grateful warmth of it lapped about his shivering body like the impact of a tropic stream. He opened his mouth to shout "Ace!" but closed it again in sudden trepidation. There was something wrong. Ace Pemberton had his faults but he did not use Black Narcissus.

The intruder stood uncertainly just inside the window, fearing to move. As his eyes gradually became accustomed to the dim light, he caught a glimpse of absurd Normandy lace pillows and a froth of negligee on a chair. Horror gripped him. Before he could lift his numbed feet and go away from there, there was a movement of silken covers and a voice said briskly, "Good morning, Charlie. You're an early caller."

"Oh, my heavens!" gasped Charles William, staring at the gray-haired lady among the Normandy pillows, "Miss Given! I'm so glad it's you. I've been standing here praying not to sneeze."

"Well, get out of the draft from that window, and you won't have to sneeze," advised the lady. "What is that terrible hullabaloo going on down there?"

"I—I don't know," replied Charles William, becoming conscious of the racket for the first time.

Miss Given bounded out of bed and snatching up a negligee went to the window. "Certainly not, officer!" she called out in her clear voice. "No one came in here." She slammed the window down, and turned to Charles William with a grin.

"Bang goes my reputation!" she commented. "He didn't believe me. Now, tell me, Charlie, what have you been up to, to have policemen on your trail so early in the morning? And why were you doing the Casanova through my window?"

"I got locked out," chattered Charles William, miserably, "and I thought I'd drop in on Ace. I didn't see any policeman."

"Well, they'll probably throw a cordon around the house," she remarked cheerfully, "so you'd better stay where you are. Ace is on the next floor, but I saw him going out of here yesterday afternoon with golf clubs and plus fives, so I doubt if you could get in."

"Plus fours," corrected Charles William in a hoarse vioce.

Miss Given stared at him. "These were plus fives," she said firmly. "I declare, Charlie, you're shaking all over and your voice sounds like an automobile siren. You'd better go right in and take a hot bath before you catch cold."

"I *have* caught cold," rasped Charles William, indignantly, "I feel terrible."

"DEAR, dear," fluttered Miss Given. "Here, take my flannel bathrobe and put it on. Although it's a shame to cover up all that glory. I don't know what your uncle will say if he finds you here in the throes of influenza."

"What?" in dismay, "is Uncle George coming here?"

Miss Given fluffed her gray hair with a gesture on the border line of being couquettish. "Of course! He always drops in on Sunday mornings after church. Your uncle is a man of discrimination—and I make excellent waffles."

"I think he's about the most selfish man in creation," snorted Charles William, "and this is the day I'm going to tell him so."

"Don't you think," suggested Miss Given gently, "that you'd better wait until you are in better voice? He's awfully good at shouting one down."

"He'd better not try to shout me down," said Charles William in a fierce whisper, "or you, either, while I am here. What on earth does he shout at you about?"

"Well, you see I'm not modern. Your uncle has kept apace of the times, and he would like me to be a little more modern."

"Rats!" said Charles William. "He's kept apace of theater first nights and a lot of crumby night clubs, and that's about all. You're too good for him."

"You're a dear boy," said Miss Given, patting him on the shoulder, "and you've just given me an idea. Now, you run along and take your bath, and I'll doctor you up a bit, and presently we'll have breakfast. Your uncle will be able to tell us what to do."

"That's the best thing he does," retorted Charles William bitterly, slamming the bathroom door.

CHARLES WILLIAM, attired in a blue flannel bathrobe of undubitably feminine gender, snuggled contentedly in the big chair by the window. Miss Given, in a gold-colored morning gown trimmed with ostrich feathers, sat opposite him. Between them was the cozy breakfast table with its burden of yellow dishes, shining percolator and waffle-iron.

"This is great," said Charles William in his husky voice. "You saved my life, Miss Given."

"How do you feel," said Miss Given, anxiously.

"Hoarse, but that's all," he responded, "a little spring dew on the vocal chords."

"I'm glad you happened in," she commented, giving him a cryptic look over the percolator. He noted with astonishment that she had on a good deal of rouge and had mascara'd her lashes. A warm exotic wave of Black Narcissus came faintly to him across the table. He felt vaguely uncomfortable.

She caught and intercepted his look. "Don't be alarmed, Charlie," she admonished, eyes brimming with laughter, "I won't eat you. You will note that on this side of the table I have put a very bad, very modern book."

"Not so bad."

"Oh, yes, very wicked. I noticed your face when your eye lighted on it. A friend brought it in and I have not had time to read it."

"And on the other side of the table you have put perfumed cigarettes and a very long decorated holder, which I bet anything you haven't had time to use."

"Correct, but I'm going to use it now, if it kills me. And also read some of those verses aloud. This is for your uncle's benefit."

Bridget and the cop saw Charles breaking and entering . . . "Hey, there, stop!" called the arm of the law.

"I SEE, Miss Given," said Charles William, doubtfully, "you're pretending to go modern."

"Exactly, and don't call me Miss Given. Say Constance."

"All right, Constance, but why should you go modern to please that fathead, that is—" uncertainly—"if you don't want to? I don't quite understand."

"Horrors!" she replied, "I am not trying to please him. I hope to displease him very much. If my exhibition pleases him, all is indeed lost. How old are you, Charlie?"

"Twenty-two."

"And how old do you think I am?"

"About th—thirty."

"You perfect angel," she beamed, "here, have another waffle."

At that moment there was a short crisp knock on the door and Miss Given went to open it. Uncle George's bland tones came to Charles William's ear. He smiled craftily and leaned over and picked up the bright-covered book, fingering its pages.

Uncle George's face, as he stood upon the threshold, was a study. "Upon my soul," he ejaculated in a loud, startled voice, "what is this?"

He stood looking unbelievingly from one to the other. "Charlie!" he barked suddenly, "what are you doing here?"

"Just reading poetry to Constance," yawned Charles William, "some of William Van Gorder's stuff." He read a stanza in a sonorous if slightly wheezy voice. Across the table he saw Miss Given redden slightly, but she recovered gamely and threw him an arch smile.

William helped to cover up her temporary embarrassment by continuing to read, in a mock saccarine voice, some of the most shockingly frank lines that had flowed from the pen of Mr. Van Gorder.

"ENOUGH! Enough!" shouted Uncle George, banging his cane on the floor. "Constance, what is the meaning of this?"

"I will answer for her," said Charles William, rising. "It means simply that Constance and I have—have found each other."

"What?" roared Uncle George, turning an apoplectic purple.

"We did not care anything about being—er—modern," went on Charles William evenly. "We had our dreams—simple dreams—of a little home and a loved one to cherish. Those dreams—" he fixed Uncle George with a bitter glare—"were shattered. Now we are making the best of our broken lives. Each has found in the other understanding and sympathy—"

"Understanding! Sympathy! Broken lives! Bah!!" stormed Uncle George, punctuating each word with a sharp rap of his cane. "Of all the presumptuous young curs! What about my broken life? Constance is engaged to *me*. I won't give her up. Understand that, once and for all, young man, I will not give Constance up."

He took a step toward Charles William, who retreated hastily. "You clear out of here, or by the Lord Harry—"

Above the hub-bub, Miss Given's voice rose suddenly in a high uncontrollable giggle.

Uncle George turned to look at her, and the irate expression of his features dissolved into one of hurt surprise. "My ideals of womanhood—" he began, but as she continued to laugh, half-hysterically, he turned, threw up his hands in a helpless gesture, and bolted out of the room.

"Dear George," said Miss Given, wiping her eyes, and arose and followed him swiftly.

CHARLES WILLIAM sat down again and attacked his cold waffle with gusto. He smiled happily as a continued low murmur of voices from the living room came to his ears. A shaft of sunlight from the bay window fell across the table cloth, and he hummed to himself somewhat huskily, "Summer! Sweet Summer!"

Presently, they entered, arm in arm, and Uncle George approached him sheepishly.

"You win," he said, holding out his hand. "After all that sob-stuff about broken lives, I can hardly refuse to let you marry Leila. Take her, my boy, and be happy. I can't have you around loose barging into defenseless ladies' apartments. You're too dangerous."

"Oh, thank you, sir," said Charles William, smiling widely, "and you'll increase the allowance to cover, of course?"

"Of course," gruffly. "I'll send my man Alec over with some clothes for you, and I hope you're able to get by the gimlet-eyed policeman at the door. I wondered what he was doing down there."

"That's nothing," said Charles William, airily. "I feel like licking a policeman."

"Constance and I are going off for a long day by ourselves," went on Uncle George, "and tomorrow morning bright and early we're going down to the City Hall and get the knot tied. I guess—I guess I've been an old fool."

"Oh, I wouldn't say that," said Charles William deprecatingly. "Congratulations, and may I kiss the bride?"

"You may *not*," said Uncle George in a loud rude voice, but Miss Given, radiant and starry-eyed, already had her arms around Charles William's neck.

When they had gone, Charles William bounded to the telephone and called Leila. "It's all right, darling," he told her in a hoarse voice of ecstasy. "The old boy has just given in. Say, let's go and get married tomorrow, it's such perfect summer weather. Ah-h—ker—CHOO!!"

LICENSE RATE INCREASED BY BEACH COUNCIL

HUNTINGTON BEACH, June 4.—In accordance with the written request of the Business Men's association, the city council amended the license ordinance at the regular Monday night meeting, raising the rate for outside laundries and cleaning and dyeing establishments from $25 per year for each wagon to $50 per year for each wagon. The license of agents was raised from $25 per year or $5 per day to $50 per year or $10 per day. This step was not taken with the idea of excluding outside dealers, but rather to regulate the license rates to comply with those charged in other neighboring cities, it was declared.

Mayor S. R. Bowen was authorized by the council to sign a contract with the Pacific Engineering and Construction company for the Main street lighting system, the contract having been prepared by City Attorney L. W. Blodget.

A list of delinquent oil rigs was read by City Clerk C. R. Furr, some of the rigs being three years behind in the payment of the $50 yearly license rate. The clerk was instructed to prepare a list of the delinquent derricks for the city engineer, in order that he might determine whether or not any of them constitute a public nuisance.

Five girls of the class were honored at a banquet. Each of the five girls was given a beautiful white wool athletic sweater from the athletic association.

According to reports Wynette will attend college next fall to prepare herself as a teacher of physical education.

Letter Hits Dance Noise At Newport

NEWPORT BEACH, June 4.—That patrons of the dance halls here are making too much noise late at night and early in the morning is the complaint made to the district attorney and city council by Alice Hoffman.

Her letter, sent to the district attorney, and a copy of which was sent to the city council and read at last night's meeting, also alleged that bootlegging was being carried on during the early morning hours.

The letter was referred by the city council to its police committee and to Chief of Police Hodgkinson, who was present. The chief said that he had been keeping a watch in the district referred to and doubted very much whether such conditions existed.

This Week's Schedule

Santa Ana at San Diego.
Long Beach at Whittier.
Glendale at Pasadena.
Alhambra at South Pasadena.

Baseball, the fourth and last major sport of Santa Ana high school's busiest athletic season, will be completed tomorrow afternoon with the Coast Preparatory league contest in the San Diego stadium between Coach Bill Foote's vastly improved Saints and the undefeated Hilltoppers, who already have cinched the conference championship.

Foote's charges, victorious in their last four official games, can't possibly overcome San Diego's lead but if the Saints win they can get no worse than a tie for second place in the standings and that would give Santa Ana the distinction of having finished as runner-up in three of the Coast Preparatory league's chief races. Coach "Tex" Oliver's football and track teams were second in both the football and track pennant scrambles to teams that were recognized as Southern California champions.

The Santa Ana squad will be allowed the full day off from scholastic requirements and will depart by motor for the border city early in the morning.

Coach Foote announced that the following men would make the trip: Captain Curtis Youel, John Willcutt, Jimmy Hall, Russell Sullivan, Alvin Reboin, Marvin Johnston, Earl Homan, Wayne Vance, Lloyd Kneeland, James Daneri, Paul Wright, Bob Beaver, Jean Willcutt, Jack McFadden, Carl Bower and Alfred Peterson.

San Diego is scheduled to meet Fullerton, champion of the Orange league and conqueror of Inglewood, Bay league winner, in a game for the unofficial Southern California prep pennant in San Diego Saturday. Coach Mike Morrow, therefor, has announced his intention of saving his first string pitcher, Marshall Peterson, for the Fullerton affair and using either Tony Galasso or Ray Guichard against Santa Ana.

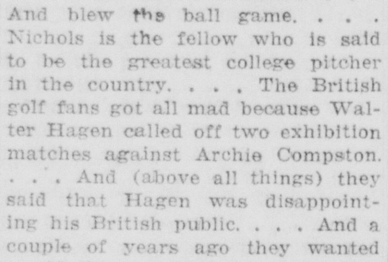
Coach Foote said he would start Johnny Willcutt who stopped Alhambra here Saturday with four hits. Willcutt will have only three days rest but he is strong enough to perform this "iron man" feat.

BORDER PROMOTERS CONFER WITH JACK

LOS ANGELES, June 4.—Jack Dempsey, former heavyweight champion, was expected to confer with James Coffroth, Agua Caliente promoter, here today presumably to talk of his return to the ring.

At the meeting will be Gene Normile, the Frenchman who acted as Dempsey's manager at the first Dempsey-Tunney fight.

It was reported that Dempsey might be guaranteed $250,000 for a bout, but that the champion would want $500,000. No opponent was mentioned.



DID YOU KNOW THAT—

Even with the Cubs up there after the pennant the customers in Chicago are yelling . . . They are writing letters to the editors saying that Heathcote ought to be playing in "Hack" Wilson's place. . . . Heathcote, by the way, was the one man mentioned by the Cub bosses who wouldn't be included when the Hornsby deal was in the making. . . . Nichols, the great Amherst college pitcher, won a game recently when his side got only one hit off the Springfield college team. . . . But Lipp, the Springfield pitcher, gave a pass after a hit and two errors. . . . And blew the ball game. . . . Nichols is the fellow who is said to be the greatest college pitcher in the country. . . . The British golf fans got all mad because Walter Hagen called off two exhibition matches against Archie Compston. . . . And (above all things) they said that Hagen was disappointing his British public. . . . And a couple of years ago they wanted to ride him to the boat on a rail.

NOT ALWAYS BATTLING

The Babe, in one of the many good stories that appear under his signature in the papers, said recently that fans do not understand the many things that transpire on the field during a game.

His point was that the fans have the idea that a player is squawking every time he engages in conversation with an umpire. He cited one case.

Tony Lazzeri, the Yankee second baseman, had a close play at second with the chance for a double. He failed to touch the bag, but retired the runner at first with a fine throw.

Old Tom Connolly was calling the plays on the bases. And after Tom had called the runner safe at second, Lazzeri went back and talked to him. The fans saw it had been a close play and they thought that Tony was giving the umpire a piece of his mind. And they gave old Tom the berry.

But the conversation between Lazzeri and old Tom was something like this, according to the Babe.

Tony asked old Tom what he was doing wrong. He told the umpire that he wasn't able to make a fast pivot and Connolly told him that he was running in too fast for the ball and that he had to made too sharp a turn to the base to deliver the ball.

EVANS TAUGHT GEHRIG

It is not generally known to the fans that umpires coach ball players. They do. Lou Gehrig, the star first baseman of the Yankees, tells the story that Bill Evans corrected the worst fault he had when he first came up to the Yankees. Gehrig, according to his own story, says that a couple of runners were called safe on him when he thought he should have made the out. And Evans told him:

"You're all out of position. You're putting the wrong foot on the bag first." And when he had the chance Evans showed him which foot to use in touching the bag when the ball was thrown from various positions.

JUST THE THREE-I LEAGUE

Bill McGowan, the demon American league umpire, says that all the umpires in his league coach a young ball player. And it is likely that the umpires in the National League do the same thing.

"We have seen young ball players in the spring come up to the bat so tightened up that they were shaking," the McGowan said. "They weren't scared. No! But they were all tightened up with nerves. When we see a young fellow like that we wait for the

ENGLISH DERBY GAMBLE TO BE DECIDED SOON

By DAVIS J. WALSH
(I. N. S. Sports Editor)

NEW YORK, June 4.—In the next 24 hours, the world and its subdivisions will be regaled with the news that Joe Dokes, the well known plumber, intends to spend a year or so traveling for his health; that Mrs. Rufus McGuffey, wife of the popular assistant foreman in the street cleaning department, has decided against a season at Deauville owing to vulgar contacts to which one is subjected by a lot of millionaires, and that Miss Jennie Hicks has ceased her chambermaiding because her mind seeks the bigger and finer things of life.

These announcements will follow in the wake of the one-hundred-and-fiftieth renewal tomorrow of the English Derby at Epsom Downs, the oldest exposition extent of the so-called sport of kings. The Derby actually isn't a sport at all. It is the most colossal gamble in the history of all the world, a universal speculation in comparison with which Monte Carlo and its nightly gambling becomes just a newsboys' dice game.

Invest 15 Millions

Conservative estimates today place $15,000,000 as the amount of money that has been invested in the Calcutta and London stock exchange sweepstakes, with possibly $5,000,000 more placed in the hands of those who operate the lesser known lotteries. Many Americans have gone for this blind stab in the dark that either loses you your nominal ante or makes you rich between the rising of one sun and the setting of another.

Far off India, too, has sent a million or so into this melting pot of speculation; as much more has gone into the pot from Africa and Austria while Canada, it is believed, has wagered an amount ranging between a quarter and a half million dollars.

England, of course, has contributed the major portion of the millions that will ride on the race, for the English lower and middle classes regard the lotteries as an investment and not without reason. The allegorical cases of Mr. Dokes, Mrs. McGuffey and Miss Hicks are typical past performances in the Derby "sweeps." To the English public, they represent the answer on how to get rich in five easy lessons.

Distribute Big Prize

Unofficial figures declare that about $625,000 in prize moneys will be distributed to holders of winning tickets in each of the big lotteries. Many of those who drew likely winners already have sold out for a fortune, there being the story about the disposal of a tenth interest in Viscount Astor's Cragadour, the public favorite, for $100,000. This is excellent money, even if the alleged seller never got it.

The alleged buyer, too, probably "pieced" out some of that 10 per cent wherever he figured he could do himself some good, so that by the time Cragadour goes to the post you probably wouldn't be able to get all of his "paper proprietors" into the waiting room at Charing Cross station. Kopi, ruling second choice in the English books, has undergone something of the same buying and selling campaign, as have Lord Derby's Bosworth, Lord Dewar's Aristotle, Aga Khan's Le Voleur and other entries that are more or less esteemed among the 32 eligibles remaining.

ANGELS, REDS OPEN IMPORTANT SERIES

LOS ANGELES, June 4.—Two of the leading contenders for Pacific Coast league honors—the league-leading Missions and Los Angeles—will open a seven game series here today. These contests, with the Angeles struggling to regain the second berth they toppled from last week, will hold major interest along Coast league fans.

Back on their home lot after a successful three week road campaign against Los Angeles, Portland and Seattle, the Seals will entertain Hollywood. The stars still maintain their grip on fourth place while the Seals are in second.

Oakland, in fifth place, plays Portland, the cellar occupant, at Oakland, while Sacramento and Seattle, in sixth and seventh place, respectively, meet in Sacramento.

MATCH NICK AND DICK

LOS ANGELES, June 4.—Nick Lutze, Chicago heavyweight wrestler and Dick Daviscourt, Kansas grappler, will meet at the Olympic July 12, it was announced today.

SENSATIONAL LIGHT HEAVY

Here's a new study of Wally Fraser, sensational Santa Ana-Hawthorne light heavyweight, who has never been defeated at the Orange County Athletic club and only twice anywhere else. Fraser will try to win his fourteenth straight match here tomorrow night when he goes against Johnny Barry, of Hollywood.

ASSERTED THREATS TO 'GET' JACK DEMPSEY ARE REVEALED

By BERT DEMBY
(United Press Staff Correspondent)

CHICAGO, June 4.—Leonard Sacks, secretary to Jack Dempsey, has revealed a series of events which he interpreted as threats against the life of the former heavyweight champion. Sacks told the United Press he received a threatening telephone call before he left New York and that he was told "you can't get away with it."

He intimated that Dempsey himself had been the target of similar messages while in Philadelphia and that they inspired the quick movements which characterized Dempsey's hurried visit to Chicago last week.

Dempsey now is on the West coast, undertaking negotiations which may lead to his return to the ring. Sacks made no reference to any connection between that development and the linking of Dempsey's name to a "death threat." Neither did he draw any comparison to Dempsey's report that he had been fired at while in Florida last winter, a report generally minimized after the first excitement.

"Someone called me," Sacks said "and told me, 'Dempsey is not dealing with Jack Kearns now, he is dealing with somebody else, you can't get away with it.'"

The call came shortly after Dempsey had broken off promotional interests in New York, the secretary said. Sacks interpreted the call to mean that Dempsey's life was in danger.

"I can't understand it," Sacks commented, "Dempsey was not in New York at the time but I told him about it when he came back. He did not say anything and I didn't know whether to take it as just another call."

Shortly thereafter, Jack came to Chicago. He went direct from the train to one hotel, later he was registered at another and still later he entertained a few newspapermen in another. He arrived around 10 a. m., and departed at 6 the some afternoon.

Sacks admitted that Dempsey carried a revolver close to him but said "Jack most always does that."

The former heavyweight champion went direct to Kansas City with Sacks from here and took a plane from there to Los Angeles, where he rejoined his wife, Estelle Taylor, motion picture actress.

DEMPSEY THINKS CRANKS MADE THREATS

HOLLYWOOD, June 4. — Jack Dempsey, former heavyweight champion, made light today of purported threats to end his life although he admitted knowledge of telephone calls made to his secretary, Leonard Sacks, who disclosed the asserted plot.

"Yes," Dempsey said, "Sacks had some phone calls that threatened me but I'm not paying any attention to them. I think the whole thing is a bunch of hokum and either the calls came from some crank or else someone was trying to have fun with Sacks and me.

"There isn't anyone who wants to kill me and I'm not worrying."

BABE RUTH OUT OF LINEUP WITH COLD

NEW YORK, June 4. — Babe Ruth will be out of the New York Yankees' lineup the next several days, possibly a week, because of a heavy cold which showed indications of developing into influenza.

The Babe was taken out of the game in the ninth inning last Saturday, when the Yankees were playing the Chicago White Sox, and has not played since.

BARRS HAMMER HEARD, WIN IN LEAGUE OPENER

True to all traditions, the Santa Ana City Night Baseball league opened with an uninteresting, one-sided game in the Bowl last night. The 21 to 3 triumph of the impressive Barr Lumber company squadron over the defending City champions, the Santa Ana Ice company, was a bit more lopsided than usual but it revived memories of "first nights" in 1927 and 1928 when the winning side's total ran into two figures.

Jerry Heard, the broad-shouldered southpaw who hurled the Icemen to a title last summer, had none of his old magic for this season's curtain-raiser. He was batted from pillar to post from the first inning until he gracefully retired in the seventh to let Bob Nelson take part of the flogging in the last three chukkers.

The Icemen never had a chance. The Lumbermen gave Warren Sullivan, their made-over pitcher from an infielder, a tremendous lead before the slaughter had progressed four innings and Sullivan was so good that he didn't need many. The slim redhead put out only five hits, two of them coming in the ninth, and was so completely in control of the situation that the fans were leaving for home by the seventh round.

The Kinslow Machinists and the Tiernan Typewriter Kids are supposed to be the two "hot" things in the City league this year but they may get a rise out of the Barrs, at that. Franklin Nickey, the long-legged Barr boss, has rounded up a sweet looking ball club which will be a serious contender all the way if Sullivan keeps on pitching as he did last night.

Virtually featureless, the contest almost immediately developed into a question as to how many runs the Lumbermen would make and as to which Barr bastman would lead the league in hitting at the end of the first week. A cup will be presented the city's champion slugger this term and the boys are all "beind their backs" for it Sullivan, getting four for six showed the way to his teammates. "Red" Thiery got three out of five and Ed Thiery, Nickey, Joe Crafts, "Buck" Fipps and Billy Echols all picked up a pair of safeties. Paul Swisshelm made two of the Icemen's five safeties.

The Bowl will be "dark" tonight but City league competition will start again Wednesday night when the Kinslows, led by "Speed" Ochoa, tackle the G. A. R. of the circuit, the El Corral Cowboys Hawley's Sporting Goods store and the Tiernans collide Thursday The box score:

Iowans In New Plea For Reinstatement

CHICAGO, June 4.—Two Iowa professors today were to appear before a subcommittee of the Big Ten faculty athletic committee, with a plea that the University of Iowa be reinstated as a member in good standing in the Western conference.

Iowa was suspended by the athletic committee a little more than a week ago for violation of the rule which prohibits subsidizing of athletes.

The Hawkeyes have a petition ready which asks for reinstatement and they will present it today to the subcommittee which is composed of Professor George Goodenough, Illinois; James Page, Minnesota; and P. E. French, Ohio State.

CHAMPIONS IN 12-5 TRIUMPH AT RIVERSIDE

Riverside took it on the lug from Santa Ana's powerful Stars again last night, the Southern California night baseball champions just coasting to a 12 to 5 win over the American league leaders at the inland city. It was the third time this season that the locals have beaten Riverside.

Glenn Stockbridge and Joe Ochoa sharing the Santa Ana deceiving duties, allowed only seven safeties. Stockbridge granted only two in the first five innings. Ochoa came in with a big lead, which at one time was 12 to 1, and he eased up in the last two rounds and practically gave the inlanders four of their five scores.

E. White, a third stringer, started for Riverside. The Stars took a liking to his delivery as early as the third when an error, a passed ball and Schuchardt's single scored Stockbridge.

"Beeg Bill" Cole, the large Santa Ana first baseman, propelled one of White's offerings over the left center fence in the fourth. Hits by Scott and Bell and a pair of errors and wild pitches manufactured six more in the seventh. Jimmy Duncan, the Riverside ace, entered the arena during this orgy and took part of the punishment. He also was nicked for a couple of runs in the eighth on safeties by Schuchardt, Hill and Scott.

The Stars will now remain idle until Friday when they play Orange in the Bowl. Garden Grove and Long Beach clash in a County league tussle at Long Beach tonight. The score:

"I remember one kid. I won't mention his name. The first time I worked behind the plate when he was at the bat he was stiffened up so he couldn't even swing the bat. And I said to him—'Kid baseball in the Three-I league is the same game that it is in this league.' He loosened up like a stiff shirt that had been dropped in water. And he hit a triple. And ever since then he has said to me when he comes to the bat and I'm back there—'Bill, this is still the old Three-I league. Watch me hit this one.'"

YOU owe it to yourself before buying tires. If you want to buy a tire of standard quality, and want the added assurance of proven design and construction, let us explain the features of the new Goodrich Cavalier.

Water-cured like Silvertowns

This toughening process, developed years ago by Goodrich, makes the Cavalier, also, "cost less in the long run." Like the Silvertown, it is tough clear through — in the center of the tire as well as the outside.

Center flexibility — massive shoulders

We'll demonstrate the plate-glass test for you on this tire, too. As in Silvertowns, the flexible tread lets the shoulders come down to the ground, so that the tire wears slowly and evenly, without distortion.

Why not drop around today? You, too, will say this tire deserves the name "companion tire to the Silvertown."

THE CONSERVATION PROGRAM AGAIN

Three weeks from today the voters of Orange County will determine whether they will adopt the plan for flood control and water conservation which has been worked out by Engineer Paul Bailey and his staff of helpers, and has been passed upon by eminent engineers as adequate and practical.

This project is estimated to cost Orange County $16,500,000. In the aggregate this is a large sum of money, and it is entirely possible that, if one should keep his eyes on this money, and take them away from the conditions of Orange County and the necessity which brought about the plan in the first place, there might be serious question concerning this expenditure.

Already we have had serious floods in Orange County, with the destruction, in money value, of property in one flood alone of one-sixteenth the amount that will be required for this improvement. As has been pointed out, the development of our cities, the increase of population, and the tremendous increase in property values since the flood of 1916, would make probable, with the next flood, a loss of property, and maybe of life, several times that of the loss of 1916.

But it is not alone the seriousness of loss by uncontrollable flood that confronts the people of Orange County. It is the use to which that controlled water may be put which makes it a first class business proposition. During the flood time the destructive water goes to waste, a large percentage of it, estimated at 90, finds it way immediately to the sea without percolation through the soil for use. By restraining this destructive and rampant water by means of a dam, time is given for it to find its way into the soil, and to thereby raise the level of the water which is being pumped from the many wells below the point where the dam is erected.

We have met no man and listened to no argument that does not admit the necessity of some conservation program to meet the fast lowering of the water levels. We have seen pictures of a flowing well taken at a point, some 30 years ago, where now the water must be pumped from below the surface of the ground by some 40 to 50 feet.

The increasing population will aggravate this condition and increase it undoubtedly by a geometric ratio. The future growth and prosperity of Orange County depends upon some such program as is proposed.

Is this program the best that can be made? This question is purely an academic one. After months and months of investigation, and of surveys of capable and honest men, the plan which we have before us, on which we are to determine whether we will vote bonds, has been determined upon as the one which is the most feasible.

Of course there is opposition. There will always be opposition to any plan involving as important a program and as large a sum of money as this does, but even those who oppose it agree that this program will accomplish its purpose. Some do raise the question as to whether it could not be done more cheaply or more wisely, but no other plan has been suggested, as far as we know, to take the place of this one. It is suggested that we do not have time to consider it in so brief a period.

But we will remind those who urge this, that we have been considering it for months. Mr. Bailey and his aids were in **our** employ.

They were employed and paid for by the people of this county. After exhaustive research they present to us the results of their investigation. We are speaking as a layman. The only thing that we can do, upon any program that requires the study of expert, scientific men, is to depend upon employes. We must do this. We started out with the expectation of doing this. We have spent many thousands of dollars in investigating, and months of time. We have published the reports of our investigators each month. There has been no question during all this period of time, of the wisdom of the method and the justice of the plan of employment and of determination.

This intelligent plan is before us, contrasted with no plan. It is not whether the people will vote to adopt this plan, but it seems to us, at the present moment, a question of whether the people will vote to stand by themselves, whether they are going to vote for a plan of conservation and flood control, or against it. There has been no other plan proposed.

We know that there are intelligent and able men who are frankly and honestly opposed to this program. They are entitled to a hearing, and to the presentation of all the facts that may be raised against this program. We grant the free use of the columns of the Register for the presentation of any facts or arguments by anyone, of people opposed or in favor of this project.

We urge that the people study and judge these facts, but after all is said and done, bear in mind that the official action of the Board of Supervisors, of the study and action of the investigation of eminent and able engineers of the plan, and their approval, was all a part of our, the people's, program. We paid for them, they are our servants, and we believe they can be trusted.

STYLES IN NAMES

Professor George Stewart, Jr., of the University of California, has prepared a statistical study on fashions in names. The popularity of given names, he explains, may be plotted in cycles. He has charted the ten "standard" Christian names, showing how they have had their ups and downs since 1870. "Mary" was a favorite in 1890, and in one case we know of a child who was named around that period because both her grandmothers were named "Mary," proof of the cycle theory. According to Professor Stewart, "Mary," "Marie," "Ruth," "Dorothy," Mabel," "Ann" and "Emily" are declining in use at present. "Grace" is increasing in popularity; "Alice" is uncertain. "Louise," Professor Stewart classes as a good, standard name. Other names, which he says are good at any time, are "Helen," "Katherine" and "Margaret."

Sometimes it seems that it is only parents who do not realize that there is style in names. Of late the quaint little names, such as Jane, and Ann, have become popular. Now, how can an old girl possibly conceal her age, when everyone knows that she was born in the era of "Jane?" The name makes her age more evident than the lines in her face. Luckier far is the girl who is named after some dear old Aunt Penelope. That name will never be stylish —not enough parents can agree on its pronunciation.

Considerate parents will study Professor Stewart's analysis and select their children's names with the same discrimination that a thrifty woman selects her wardrobe—choosing good, conservative things that will withstand the ravages of time.

ADVERTISING FRAUDS

That great progress has been made in the ethics of advertising no one familiar with the past can question for a moment. The newspapers and the periodicals of the country have done a great deal in improving the ethics of advertising. No reputable newspaper or periodical will receive advertisements which are palpably fraudulent. There are some periodicals that offer to make good any losses sustained by those who have followed advertisements in their columns. Many farm papers, which have been built up quite as much through their advertising columns as through their feature articles, have made this pledge to their subscribers.

But that all such fraudulent advertisements have not yet been done away with is apparent from a statement recently released by the Federal Trade Commission, which at the suggestion of a trade practice conference of periodical publishers held last October, investigated certain periodicals which carried a large amount of fraudulent advertising. These periodicals have now signed a voluntary agreement with the Federal Trade Commission to mend their ways. They will no longer accept advertisements which do not truthfully represent the products advertised or the results obtained from the use of such articles. By this agreement they are freed from prosecution by the Commission.

Some of these advertisements were quoted by the statement sent out by the Commission. One referred to a belt which reduced the waist line instantly from two to four inches, and made the wearer feel from ten to fifteen years younger. An X-ray kathescope guaranteed that the reader could see his best girl and all she was doing at any time. A hair restorer, accompanied by the picture and the testimonial of a man who had grown a full head of hair in two years by using it, was one to which the Commission objected. Ladies worth $50,000 to $150,000 were offered in marriage to those who would answer certain other advertisements. A score of similar frauds have been suppressed by the Commission.

The reputable publications have long since ceased to take such advertisements. They ought to be protected by the Commission from these disreputable publishers. Strange as it may seem, there are thousands of people who need to be protected from their own credulity. Anything they see in print to them must be true. Why should it be printed, if it is not true? they ask. So they are to be saved from themselves by the Federal Trade Commission. Some day people may be wise enough not to expect something for nothing from these false philanthropists, and to learn, also, that there are some things that are absolutely impossible, and among them the growing of hair on a bald head, or the reducing of a waist line by the mere wearing of a belt.

Gangsters All Stupid

Oakland Tribune

Mentally, the typical gangsters is about 12 years of age. None but the morons, the stupid, would align themselves against society in a "game" certain to bring disgrace, prison, or sudden death.

The Chicago psychologist who makes this announcement says nothing surprising to those of adult minds. It is something, however, which might well be emphasized to those who in their immature romancing confuse crime with drama and adventure.

In the state prisons there are more inmates than ever and a large proportion of young men. Most of them went in for crime for the "thrill" or "kick." They have learned they were stupid when they made the choice.

As the level of intelligence is raised the crime wave will recede. Perhaps it would recede somewhat if the prospective gangster could be made to realize that those he would emulate are not "heroes" but mental deficients.

A Paradox

San Diego Union

The old-age pension is a socialistic device, but it has been enacted into law in this state without any recourse to Socialism. Socialism is a complete system, but those who fear it are given to undue alarms whenever an element of the system is adopted by their lawmakers. As a matter of fact, such an adoption, or adaptation, is not Socialism, is not socialistic, and is actually an obstacle in Socialism's way. The more socially valuable devices that are adopted by non-Socialistic state, the less the pressure upon the state to turn Socialistic. Socialism signifies "going the whole hog." Gradual improvements in the condition of society, no matter from whom they are adopted, tend to prevent agitation in favor of a drastic change.

Enacting a plank of the Socialist platform, California has taken a step away from Socialism.

Poverty No Excuse

Imperial Valley Press

The National Catholic Welfare Council, surveying industrial conditions in the United States, comes to a conclusion that may eventually become the battle cry for the wage earners of the United States. This conclusion, briefly, is this:

Poverty in the United States, except in rare instances, is inexcusable.

No slogan like that has ever been voiced before. Until now, people have taken it for granted that there would always be great masses of desperately poor folks—until the millenium, at all events.

But the Catholic Welfare Council, noting that the average U. S. worker produces more than $5000 worth of goods per year, disagrees; and it probably will not be many years before that slogan is shouted loudly, from one end of the land to the other.

More Truth Than Poetry

TAKING THE GOOD WITH THE EVIL

Scientists have found that hogs are better able than men to choose the kind of diet that they need

A man does not know much about
  The dietary question
He chooses food which gives him gout
  And pip and indigestion.
He eats too much of meat and cake
  And pies of soggy thickness
Which all engender stomach ache
  And other forms of sickness.
And as his earthly years increase
  The luckless wretch is fated
To grow, through eating, too obese
  Or too emaciated.

Upon the other hand the swine
  Though eating is his passing
Will take the greatest pains to dine
  Upon a balanced ration.
Without requesting the advice
  Of any dietician
The viands, he devours, suffice
  To keep him in condition.
And though while very young indeed
  His patient heart stops beating
It's not because he did not heed
  The laws which govern eating.

However, though, night after night
  I lie in bed bent double
Because at dinner I invite
  Some keen digestive trouble,
And suffer even here and now
  Midriffian disquiet
Because I never found out how
  To choose a proper diet,
My faith in man's superior sway
  Is solid and unshaken;
I'd rather be dyspepsia's prey
  Than walking ham and bacon!

Who Understands Economics?

By WILLIAM TRUFANT FOSTER and WADDILL CATCHINGS

We look forward confidently to a better economic order—one which will yield more of the good things of life to workers everywhere, especially to those in greatest need.

But our hopes are not in revolution. We expect that the future structure will be built with infinite pains, year after year, stone upon stone, upon the present foundations. That is the proved way of progress. To blow up the house in which we live, before we even have working plans for a new one, is stupid.

It is folly to destroy the real structure that toiling generations have reared, and attempt to build a new one upon untried theories, until we know a great deal more than we now know about the old one. We ought to know how it was designed and why; for how much suffering it is responsible, and how much comes from other causes.

Above all, we ought to know what weaknesses, if any, cannot be remedied by any treatment less violent than dynamite.

Some people disagree with us. They believe that this country, following the example of Russia, should demolish the present structure, foundations included, and begin over. Such revolutionary programs we shall not consider in this series.

We look for progress by evolution.

Thoughts On Modern Life

BUSINESS SEEKS SUPERIORITY

The other day I suggested that the ground is being cut from under the theory that the able man has a better chance of being appreciated and advanced in a small business than in a large business.

On the face of it, it seems that the individual does run a real risk of becoming a mere cog in the big industrial machine.

And yet, the bigger a business becomes the less it can afford to let a single able man in its ranks go unappreciated and unadvanced.

The supply of genuinely able men is always less than the need.

A small business may conceivably be run fairly well with small men, but big business requires big men, unless it is to go on the rocks, once its period of easy exploitation is over.

Big business must seek superiority.

A concisely and carefully organized search for superiority is the price that a big business must pay for survival in the competition of a complicated economic order.

"That's all very well as theory," says a correspondent. "I admit that is what big business should do. But does it?"

Let me reply with fact rather than with theory.

"Maryanne, come right home from school this afternoon."

"But mother, I want to go to the club meeting."

"You come home. I'M telling you what to do."

So Maryanne came home. She went up stairs and changed her dress. When she came down her mother looked at her and said angrily, "Who told you to put on that dress? Take it off this minute. Go put on the blue one. It's plenty good enough for home. Next time you want to put on another dress ask me."

Now Maryanne was thirteen years old and in the second year of high school. She felt that things were not quite as they ought to be with her and her mother, but with the helplessness o fchildhood, that dim feeling was as far as she got.

By and by Maryanne was ready to be graduated from high school. All the girls and boys were telling the teachers what schools they wanted to enter, or what courses they wished to take, what work they intended to do, all but Maryanne.

"I don't know," she said gently, timidly. "I'll have to ask mother."

Mother had never given the matter much thought. Maryanne was only a child. Later on, when mother had more time, she would think up just what Maryanne ought to do. Now here was a long circular, a series of questions to be answered. The school people wanted to know what Maryanne was to do next. Mother read the questions. The more of them she read the more bewildered she grew.

"I can't make head or tail of all this. Don't you know what you are to do next? Why don't you know? What have you been going to school for all this time if

TODAY IS THE ANNIVERSARY of

SURRENDER OF TRIPOLI

On June 4, 1805, the new United States republic signed a treaty of peace with Tripoli, and set an example of national pride for all the ageless nations of Europe to emulate.

Our war against the Barbary states of the Mediterranean coast of Africa—of which Tropili was one—was waged in protest against the custom of paying tribute to escape piratical attacks upon our shipping. Practically all the nations of Europe paid this tribute as a necessary evil. America, however, decided that it was an intenational outrage and war with Tripoli, the most insolent of the Barbary group, began in 1802. For several years after Tripoli's formal surrender, American ships were occasionally harassed by Barbary pirates, but not to the extent that those of other nations were.

As a matter of fact, this war was fortunate for America. It forced Jefferson to abandon his "gun boat" policy and

It's marked up at the Orange county office of the state traffic organization as a record to shoot at.

The driver bought his car Saturday, got his operator's license Monday morning, wrecked the car at 1:30 Monday afternoon.

'MIRACLE' FAILS TO IMPRESS JURY

SAN JOSE, Calif., June 4.—(UP)—Mrs. Florence M. Black of Palo Alto lost a suit for $100,000 damages against the Southern Pacific despite strenuous work of her attorney which culminated in a display of a headless chicken in court.

The chicken was stimulated by an electric current and its legs and wings flopped conculsively.

Previously Attorney William James, counsel for the railroad, declaring Mrs. Black was pretending to be paralyzed, had caused her to move her legs by application of an electric current. She had alleged an accident had paralyzed her.

The chicken was produced by her counsel to prove that even a dead body will respond to a strong current.

But the jury ruled against her.

BUSINESS CLUB GIVEN REPORTS ON CONVENTION

Showing the extensive activities which have been under way for the coming Business and Professional Women's convention of the Southern California district, which will open here Friday night and continue throughout Saturday and Sunday, the reports of committees were given at the hostess club luncheon meeting yesterday at St. Ann's Inn. "President Jennie" Mrs. John Tessmann, turned over her gavel of authority to her successor, Mrs. Minnie Mayhill, who will serve as president of the local club during the ensuing year.

Banquet preparations for the affair to be held at St. Ann's inn Saturday night have been made thus far to accommodate 400 guests, with the expectation of an additional 200 attending, according to announcement made yesterday by Miss Helen Gallegher. She reported 92 luncheon, 142 banquet and 125 breakfast reservations made thus far. Miss Mabel McFadden, chairman of the housing committee, declared arrangements are being completed for the lodging accommodation of out of town delegates.

Quantities of large baskets and flowers were requested of the club members by Mrs. Gwen Morris who urged the need of beautiful decorations.

Miss Lulu Ott of the transportation committee stressed the need that all hostesses and delegates assemble at the inn to drive to Irvine park in time to be served breakfast at exactly 9 o'clock Sunday morning as the program scheduled for the day was somewhat lengthy though filled with interesting features. Among these is to be a visit to the Laguna Beach Art gallery and two artists' studios, those of Anna Hills and William Griffith. An invitation was extended the women to visit the F. W. Cuprien and Karl Yens studios in the beach city.

Miss Alma Karlsson announced yesterday that information desks will be conducted at both St. Ann's Inn and the Ebell clubhouse. She said that messages would be sent to any meeting of the convention sessions, if any delegate so desired. Miss Mabel Larrick reported the activity of her committee, which is to be a surprise feature at the convention.

In a formal business discussion, Miss Martha Whitson mentioned the 12 girls who are to entertain guests with a minuet dance at one of the programs and said her committee was negotiating with D. C. Cianfoni, prominent Santa Ana musician, to obtain the services of the junior band. The women attending yesterday voted instructions for their delegates in regard to the election which will be held during the convention. Mrs. Gertrude Maynard, president, is up for re-election and Miss Caroll, of Oxnard, who has been the recording secretary for the past term, is a candidate for the presidency of the southren district.

It was also decided that a photograph of the hostesses in colonial costumes be taken preceding the banquet Saturday night. Mrs. Tessmann emphasized the importance and need that women of the Santa Ana club turn in their limericks on the subject, "United States," before Friday noon. Each club represented at the convention will enter limericks in the contest.

Before the business session of the B. and P. W. meeting yesterday, William Spurgeon jr. discussed the purpose, need and value of the coming election for the school bonds and urged that the business women of this community give their support to the worthy issue as have a group or representative business men.

Mrs. Frances Hunt Beeson introduced pupils of the fourth grade class of the Roosevelt school, who sang several campaign songs for the school bond election. Young Dick Horton, son of Dr. Roy Horton of the school board, acted in the capacity of chorus director and led the women as well as his fellow students in several songs. Miss Elizabeth Walker acted as accompanist.

YOUR LIVER KIDNEYS Stomach and Intestines

OUR BUSINESS is to create health, AND OUR EXPERIENCE IS that after we cleanse and repair the Liver, Kidneys, Stomach and Intestines, the rest of the body corrects itself AUTOMATICALLY.

THE INTESTINES

Of all the eliminative organs the Intestines hold the "KEY" to the situation, and are most often the "STUMBLING BLOCK" to both Doctor and Patient. And this fact is responsible for the discovery of our method for handling INTESTINAL AILMENTS.

Our X-Ray Will Show Them AS THEY ARE

OUR CHALLENGE

We find that while the Intestines are full of congestion and inflammation the Gall duct, Gall bladder, Liver and Stomach, HAVE GREAT DIFFICULTY IN EMPTYING THEMSELVES, and thus they become congested and inflamed. Therefore we challenge the possibility of creating and maintaining health in the Gall duct, Gall bladder, Stomach, Blood stream, Kidneys, Heart, Eyes, Ears, Throat, Glands and Skin, WITHOUT FIRST making the necessary Intestinal corrections.

High, Medium, Low and Reverse

The Intestines is the "Gear shift" to the human body. Three bowel movements a day PUTS YOUR HEALTH in "high," two puts it in "medium" and one puts it in "low," while LAXATIVES throws it into "REVERSE" and the stronger the laxative the faster you will travel BACKWARD, till you go over the EMBANKMENT.

Ebell Travelers Hold Annual Picnic at "Our Village"

One of the outstanding events in the year of clubwork for members of Ebell's First Travel section, is the June picnic which always comes as a finale to the winter and spring activities in this section—one of the oldest in the society in points of continuous club work and membership. Yesterday, the long anticipated date rolled around again, and motoring to Laguna Beach, the First Travelers knew once more the pleasures of Mrs. John P. Baumgartner's hospitality when she opened her beautiful seaside home for their entertainment.

It was an ideal day for the beach, with saucy little white caps donned by each individual wave, especially for the clubwomen, while the Laguna hills melted into the loveliest of mauves and golden bronzes. Within the artistic home, great clusters of rose and blue hydrangeas, blue larkspur and fragrant sweet peas spoke of summer gardens, while the tables where the picnic luncheon was served, were colorful with rosy sweet peas, feathery greenery, and dainty pink and green table glassware.

The afternoon was purely social in its plan, and was enjoyed by Mrs. A. W. Ames, Mrs. Baumgartner, Mrs. H. Clement Dawes of Los Angeles, Mrs. M. F. Heathman, Mrs. Charles Kendall, Mrs. Stephen Ross, Mrs. E. B. Smith and her daughter, Miss Leslie Smith, Mrs. George S. Smith, Mrs. Terry E. Stephenson, Mrs. William S. Smart, Mrs. I. W. Van Cleave, Mrs. William L. Tubbs, Mrs. Lynn Shaw and Mrs. Ella Palmer.

Farce-Comedy Cast Is Complimented at Luncheon

Complimenting the members of the cast of "Cornelia Pickle, Plaintiff," the one-act comedy-farce which has been produced for several organizations lately by the Northwest section of the First Presbyterian Aid society, Mrs. S. A. Jones, leader of the section and Mrs. E. B. Sprague, a member of the cast, entertained recently at the home of Mrs. Sprague on Victoria drive with a 1 o'clock luncheon.

Lovely flowers added a festive air to the rooms and to the tables where guests were served with a delectable four-course luncheon. The clever place cards were the work of Miss Abbie Chapman, director of the cast, whose facile pen had created a caricature of each one as she appeared in character together with a pertinent quotation from individual lines. The nut cups used were small traveling bags, properly labeled, as a thought for Mrs. Lida Wilcox, who is leaving soon for Ohio to be away indefinitely.

A delightful surprise was introduced during the dessert course when a beautifully decorated cake with lighted tapers was placed before Mrs. Alex Rez, whose birthday happened to fall on that date.

Each one had been requested to bring a white elephant and the afternoon was spent with the exciting game of Cootie and the exchange of elephants. In appreciation of the interest and patience shown by Miss Chapman during the rehearsals and production of the play, the women extended the courtesy of voting her an honorary member of the section. Those present were Miss Abbie Chapman, Mesdames B. B. Darnell, F. E. Dearth, J. W. Hancock, C. T. Johnson, Leon Lauderbach, Jasper Osborn, H. K. Pollock, P. M. Bonner, Alex Rez, Lida Wilcox, Irma Soest, Leonard Colyn, E. L. Hull, Mary Snyder and the hostesses, Mrs. S. A. Jones and Mrs. E. B. Sprague.

Piano Recital

One of many musical treats of the season was the reception recital Saturday afternoon when Alice Talcott Merigold presented pupils in piano to music loving guests. The residence studio at 1910 North Main street, the beautiful home of her father, J. M. Talcott, was lovely with baskets of flowers — yellow being the favorite color.

The pupils were in costumes characteristic of the numbers played, which added much to the artistic event. A little bird sang joyfully during the piano numbers supplementing the harmony of the occasion. The opening number, "Marcia," — a duet—by Welch, by Lucille Hohman and Mrs. Merigold, gave promise of the good to follow. Little Harold Witt dressed as "The Snow Man," was cunning as he played "Out in the Snow," "Hear the Cuckoo" and "Robin Red Breast" by Bilbro, Dorothy Guthrie representing "Springtime," was very musical in her rendition of "Springtime" by Johnson and "Dainty Gavotte" by Louise Wright.

"Happy-Go-Lucky" by Adam Caree and "Hop-Jig Rondo" by Stanford, were given in true boyish style by Calvin Crawford. "The Boy Scout" followed by a duet, "Happy Recollections," (Rolfe), by Lois Murray and Eloise Schrier. Virginia Trickey made her first appearance in recital in "Cherry Blossoms" by Spencer. Eloise Schrier dressed in a costume of blue and sea green to represent "The Sea" was graceful in "A Sea Song" by Felix Gerard. Lucille Hohman, another very young musician, showed technical ability in her rendition of "Dance Sorrento" by Frances Terry and "Doll's Minuet" by Stanford. She followed the playing with a little dance which was characterized in the costume of "The Dancing Doll."

This juvenile part of the program was followed by more advanced numbers, the first being a trio, "Napolitano-Sattarillo," by the Misses Arden Murray, Azelia Fairbairn and Pauline Trickey. The daintiness and marked rhythm of this number were very apparent. Lois Murray looked the typical "Chinese Girl" as she played "In Pekin" by Peyche and "Wing Foo" by Burleigh. Pauline Trickey was very dainty and sweet in "The Scarf Dance" by Chaminade and "Fair Elise" (Beethoven). A happy little diversion was the duet, "Birds of the Air" played by Arden and Lois Murray. "Moonlight Revels," descriptive of midnight, fairies, goblins and the village clock chimes, was very beautifully played by Azelia Fairbairn, her delicacy of touch making the fairies seem quite realistic. Naomi West, in graceful style, gave a vivid description of the "Legend of the Piasa Bird," followed by her illustration at the piano. She also played "Nne Pensee Romantique" by E. Saint Juste with clear tone quality. Arden Murray was very lovely dressed as a ballet dancer as she brilliantly played "Ecossaices" by Beethoven and "Second Valse" by Godard. The closing number, "Der Freischirtz," a trio, by the Misses Arden Murray, Pauline Trickey and Azelia Fairbairn, was a fitting climax to the artistic treat.

Mrs. Merigold was assisted in receiving the guests by her sister, Mrs. P. G. Beissel. John Schrier, one of the pupils acted as usher, while pretty girls helped to make the guests more comfortable. Mrs. P. C. Edmunds, Mrs. Florence Trickey and Mrs. O. S. Witt, sisters of Mrs. Merigold, served dainty refreshments, assisted by Misses Gwendolyn Talcott and Naomi West.

Santa Ana Man Wedded To Lovely Bride In Orange

When Mr. and Mrs. Ronald Calvin Merrick return from their honeymoon trip to the Yosemite valley, they will find a pleasant welcome awaiting them in this city, where Mr. Merrick will bring his bride, the former Miss Lola Belle Harris of Orange, and establish their home here among a host of friends.

The wedding of the young Santa Ana business man and the charming Orange girl was one of last week's most beautiful events in the bride's home city, taking place Saturday evening in Trinity Episcopal church, with the rector, the Rev. John C. Donnell, officiating. Exquisite floral decorations and softly gleaming altar candles provided a harmonious background for the bridal party.

Nuptial music was played by Miss Elaine Smith, while Miss Helen Gillogly sweetly sang "I Love You Truly" as a feature of the rites.

Miss Harris was an exquisite bride in her gown of softest taffeta and tulle, with flowing veil arranged in cap effect held by a band of rhinestones and orange blossoms. Bride roses formed her shower bouquet. Her attendants included Miss Iva Dan Dusen in pink georgette with a cluster of sweet peas, as honor maid; Miss Esther Bulpit in pale yellow taffeta and tulle carrying yellow sweet peas, and Miss Dorothy Harris, sister of the bride, in orchid taffeta with orchid sweet peas.

Little Norma Denner as flower girl, wore a petalled frock of corn color taffeta. Mr. Merrick was assisted by his brother, Joseph Merrick, as best man, and Lawrence Farrar and Russell Byler of Tustin, as ushers.

Many flowers adorned the church parish rooms where the new Mr. and Mrs. Merrick greeted their friends after the ceremony and prior to their departure for a honeymoon. Ices and cake were served, with the bride making a pretty ceremony of cutting her bride's cake.

Mr. Merrick, the son of Mrs. Pearl Merrick, 925 North Olive street, is a graduate of Tustin union high school, and is connected with the Santa Ana office of the Southern Counties Gas company. His bride, who is the daughter of Mr. and Mrs. A. A. Harris of Orange, was a member of the 1925 graduating class of Orange high school, later attending University of California at Los Angeles. For the past year she has been in the Santa Ana office of the Pacific Telephone and Telegraph company, where her charming personality has drawn many warm friends to her—friends who will be happy to welcome her home to this city.

First of Party Series Compliments June Bride-to-be

One of the first of a series of delightful affairs planned to compliment Miss Blanche Hill, lovely blonde fiancee of Eugene W. Bolton of San Francisco, was the evening of bridge given last night at St. Ann's Inn, by Miss Rebecca Joplin, who included in her friendly plans, a miscellaneous shower for her honoree.

In arranging tables in the Inn foyer for the bridge contest, Miss Joplin chose an attractive modernistic motif with which tally cards, score pads and the card decks themselves, all harmonized each table having its own matched set of accessories.

This moderne theme was emphasized also in the prize awards a chamingly quaint tea set selected as first prize, going to Miss Edna Backs, while one of the new flower bowls in flowered glass was presented Mrs. Robert Jeffrey for second high score, and a suede covered box of bath salts which will later do duty for a card holder, was prize for third high score, held by Mrs. J. Simon Fluor jr.

Immediately after the awards were bestowed, the hostess ushered her guests to the dining-room where all found places at one long table, beautifully arranged in harmony with its central flowers of stately blue larkspur and mingled garden blossoms, flanked by slender tapers. An appetizing chicken salad with its accompanying dainty sandwiches, was followed by a strawberry parfait with little cakes and coffee.

While the guests lingered at the table, Miss Hill was surprised to see a table laden with packages, brought into the room and placed at her side. It was then her pahhy privilege to unwrap the assortment of miscellaneous gifts thoughtfully chosen by her friends for use in her future home. Miss Joplin on her right, aided her in the pleasant duty, and each gift was passed in turn for the admiration of the others present.

While no date has been disclosed for the wedding of the popular Santa Ana girl and the young San Francisco business man, their friends have been informed that it will be a June event and will take place in Santa Barbara. Mr. Bolton is in charge of the sales department of Readygas for the Standard Oil company of California, with headquarters in San Francisco, where they will make their home. He is a "Native Son," born in Fresno where his parents still reside.

Miss Hill is the daughter of Mr. and Mrs. Willis O. Hill, 1403 South Main street, and is a deputy in the county clerk's office. Her friends are legion, and all are warmly interested in her wedding plans, as may be guessed from the number of social events planned for the brief time elapsing before her marriage and departure for a new home in another city. Mrs. Robert Jeffrey and Mrs. Minor Cox, those attractive young matrons who were the Misses Helen and Alice Mateer, are to give the next in the succession of events, when they entertain Saturday afternoon at a bridge tea in Santa Ana Country club.

At last night's function presented by Miss Joplin, the honor guest was lovely in one of her trousseau frocks, a flowered chiffon in the popular new sun-back mode, whose bouffant skirt swept extremely low on one side. Friends asked to join her in the memorable evening included the Misses Blossom Gibbs of Los Angeles; Grace Hall of Hollywood, Fern Flood, Ruth Robertson, Boyd Joplin, Edna Backs Ruth Bailey, Helene Kubitz, Mrs. Ralph Roper, Mrs. Ralph Cole, Mrs Harold Knight, Mrs. J. Simon Fluor jr., Mrs. Minor Cox, Mrs. Robert Jeffrey, Mrs. W. O. Hill Mrs. Teddy Tatzlaff, and Mrs. J. B. Joplin og this city; Mrs. Carl Granger of Orange; Mrs. Bruce Bilger of Torrance; Mrs. Herbert Oelke of Anaheim; Mrs. Jack Campbell and Mrs. Roy Handy o Long Beach.

Coarse, Rough Hands Are Hideous

Make Them Bewitchingly Soft and Smooth Tonight With This Magic Cream

No matter how lovely your face and features—red, coarse, unkept hands ruin your whole appearance. And, too, isn't it repelling to touch regular shoe-leather skin!

If you want to immediately beautify your hands, to make them just like velvet—rub in Howard's Buttermilk Cream—it contains real buttermilk (famous for centuries as one of the world's greatest beautifiers).

Even the first application remarkably smooths and softens the skin—a wonderful bleach to remove discolor, freckles—to whiten red hands and make them fragilely beautiful. A 75c tube at any drug store lasts many months. Apply before going to bed (many women use Howard's after washing and drying their hands) and you'll always have exquisitely textured, beautiful hands—the kind men can't keep from falling in love with!—Adv.

Eczema on Head. Hair Came Out in Bunches. Healed by Cuticura.

"My dandruff was caused by using others' combs and not washing my scalp properly. Later eczema formed and caused sore eruptions all over my head. It itched terribly and my hair came out in big bunches, and was lifeless and dry. The trouble lasted about a year.

"I used many remedies but none seemed to help me. My mother advised Cuticura Soap and Ointment so I purchased some, and after using one cake of Cuticura Soap and one box of Cuticura Ointment I was completely healed." st clear-thinking people who their minds in print are g a wallop these days at the insistence that divorce is im- ble unless one party has suf- specific injury from the . Dorothy Dunbar Bromley s as follows on the subject 'Civilized Divorce" in The n:

here is probably no more ng example of that hypocrisy overnment which has come to e of our chief national char- istics than our divorce laws. nenforcable as the Eighteenth dment, they remain on the te books of the several states sop to respectability, a pre- that marriage is indissoluble s one of the parties is guilty adultery, cruelty, desertion, kenness or neglect. These nds vary in different parts of country, but the general rule good that one party must committed a specific injury st the other without the latter's connivance. Indeed, an agreement between married people that one shall bring an action for divorce and the other fail to defend it, and especially upon a ground that it is not a real one, is held a collusion to defraud the courts."

BOOTLEG AGAIN

She proceeds to remind us of perjury and fraud as practiced and accepted by judges the country over. She reminds us that Judge Harry A. Lewis of Chicago has said that 50 to 60 per cent of all decrees are obtained there on the fraudulent grounds of cruelty—while as a matter of fact there was nothing but incompatibility, which had become so unbearable that the wife would perjure herself in order to get relief.'

"Nor do the judges appear to be shocked by the prevalence of perjury. The fact is that an increasing number of judges are cutting short corners and are simply granting divorces where they think divorce is due."

Just another symptom of human hypocrisy!

HOW "ANGEL-FACE" HAD FUN

Sometimes children have an amusingly distorted sense of values. To illustrate my point, let me tell you about Angel-Face and his young mother.

I was spending the afternoon with her while Angel-Face was at a children's party. About 4 o'clock he arrived home, came quietly into the living room and sat down as though he were glad to sit.

I noticed he looked a little pale around the gills and had my own private opinion of the four-year-old Angel-Face's condition at the moment. Mother, anxious to know how her darling had behaved, asked him about the party.

"Did you have a good time, Darling?"

"Yes, Mudder" (minus enthusiasm).

"Well, what did you do for fun, dear?"

"I frowed up."

TODAY'S RECIPE

The Artist's Salad

- 1 cucumber, sliced thin
- 2 cups cooked fresh peas
- 2 bunches new beets, cooked, cubed and marinated in vinegar
- ½ cup shaved raw cauliflower
- 1 Philadelphia cream cheese
- 2 bunches fresh asparagus, cooked
- 1 large head of lettuce, shredded French dressing

This is the ideal salad for Sunday night supper or for the main dish any week-day evening meal—a hot day when cooking after 10 a. m. is absolutely impossible.

* * *

The preparation includes the cooking of such vegetables as need it. This should be done several hours before serving time to allow for chilling.

If new beets are not obtainable and old beets impossible, just buy a can of beets, dice and marinate in hot vinegar. They are quite as good.

Shave the raw cauliflower and mix with the cream chees after mashing and creaming the cheese thoroughly. Form into a small roll and put away to chill.

Arranging the Salad

Use your nicest and largest shallow bowl or chop plate. Shred the lettuce onto it to make a bed for the salad. Arrange the cucumber slices so that there are three to each portion.

Over each circle of cucumber arrange a mound of fresh cooked peas, which have been marinated in a little French dressing for 15 minutes.

Cover the peas with a good-sized mound of diced meats and around these various mounts arrange the cooked asparagus tips, marinated in French dressing also. At spaced intervals place thin slices of the cheese-cauliflower roll, two to each portion.

Serve very tart mayonnaise with the salad, allowing each person to help himself.

* * *

The quantity of ingredients given allow for six generous portions. The calorie total of individual portions is about 250, providing no more than a tablespoonful of mayonnaise is eaten with each salad.

While there is some doubt about the vitamines surviving the cooking these vegetables must undergo, nothing affects the health-giving minerals found in such a salad. Such salads are veritable vacuum cleaners to the digestive system (although some eminent medical men say not—that we were not meant to eat like cows).

* * *

Let me urge you to send in your stamped, self-addressed envelope for the current leaflet, GEMS FROM AN OLD COOK BOOK. The title is a true description of this fascinating collection of old-time recipes.

* * *

TOMORROW we will make a Cottage Cheese-Nut Loaf for those who do not care for meat in summer.

ORANGE

ORANGE, June 4.—Ed. Perry, of Santa Ana, is taking the place of J. S. Lampert in the Western Auto Supply store during the absence of the latter who is away on his vacation.

Mr. and Mrs. E. H. Sohre and Miss Rosella Sohre, North Tustin avenue, and Miss Esther Klaustermeyer, drove to Imperial valley Sunday.

A. B. Tiffinay and C. B. Campbell left this week on a trip through a number of eastern states. Tiffinay will visit his old home in Iowa and Campbell will go to Topeka, Kas., and a number of places in Illinois.

The Misses Lena and Minnie Grote and Lydia Dornseif, of Orange, and Miss Elizabeth Meyn, who is from Chicago, and spending several months with friends here, spent Sunday at Port Arthur.

Miss Dorothy Druwell has taken the place of Mrs. Ray Meierhoff as stenographer in the real estate office of Edwards and Phillips.

OKRE GARNISH

Okre pods that have been stewed only long enough to stick a fork into them easily make an unusual and pretty garnish for broiled halibut or other fish.

YOST BROADWAY

One of the most dramatic courtroom scenes ever brought to the screen is featured in First National's "His Captive Woman," now at the Broadway theater.

In this dialogue picture, Dorothy Mackaill is seen in the prisoner's dock, charged with murder, while the man who loves her, portrayed by Milton Sills, is her chief accuser.

From this unusual dramatic situation a story is built that is tense and thrilling. "His Captive Woman" is a George Fitzmaurice production, and many of the scenes are made in Hawaii. The play was derived from Donn Byrne's famous story, "The Changeling" and could have been entrusted to no better hands than those of Miss Mackaill and Milton Sills.

Huston Ray on the Broadway vaudeville bill, is attracting quite as much interest as the picture, and his musical numbers are a delight to the daily and nightly audiences. In connection with his appearance here, the theater management is conducting an interesting contest to close tonight, and in which some fortunate individual with a gift for self-expression, is going to secure a remarkable radio outfit.

Tonight's bill will also include a Hollywood studio preview.

WEST END

Deliberately to bring hundreds of people out into the Nevada desert on a false scene of gold, knowing they stand to lose everything they invest in the useless search—that seems incredible to Lola in "The Rainbow," current feature at the West End theater as she listens to Derby Scanlon's gloating over the success of his ruse.

As her guardian goes on raving about the poor suckers whom he has inveigled into giving up their jobs and their homes—Lola reluctantly admits to herself that the man she has looked to, her whole life, for protection is a thorough rascal.

And worst of all, Darby's scheme has caught, among all the other victims, the particular young man for whose success she is most anxious, because it will mean their happiness together.

"The Rainbow" is a Reginald Barker Special Production for Tiffany-Stahl. Dorothy Sebastian and Lawrence Gray play the leading roles with the support of Sam Hardy, Harvey Clark, Paul Hurst, Gino Corrado and King Zany.

WEST COAST-WALKER

"The Trial of Mary Dugan," Bayard Veiller's all-talking picturization of the stage success of the same name, began its engagement at the Walker theater today.

"The Trial of Mary Dugan" ran for more than a year on Broadway and is now being presented by eighteen road companies in this country and Europe. The picture has an all-star cast headed by Norma Shearer, Lewis Stone, who has the part of Edward West, the defense attorney; H. B. Warner, that of the prosecuting attorney, and Raymond Hackett, who played the role of Jimmy Dugan on the stage and has the same part in the photoplay. Others in the cast include Olive Tell, Lilyan Tashman, DeWitt Jennings, Mary Doran, Wilfrid North, and others.

The new picture is M-G-M's second all-dialogue production, following the sensationally successfully "Broadway Melody" in that classification. Miss Shearer was personally selected by Mr. Veiller for the title role, despite the fact that she was entirely without stage or 'talkie' experience. Her voice is reported to be one of the best yet encountered among screen players, in its recording quality.

STORE MOVED

ORANGE, June 4.—Miss Dorothy Perkins has moved to her new business location at 133 West Chapman avenue. Miss Perkins is the proprietor of the Dorothy shop. The store room has been redecorated in grey and a new front put in. The Uneeda Cleaners shop, with William Loescher, as proprietor, is occupying the building where Miss Perkins formerly had her shop.

At a recent Irish-Scotch wedding in London the bride wore a necklace of orange blossoms, white heather and shamrock.

The scarecrow still hung on the post and Clowny said, "I'd think he'd roast out in the boiling sun like this. Come on, let's turn him free. He's only tied and we can do a favor that he'd like us to. Just think, if he is taken down, how happy he will be."

But Scouty broke right in and cried, "'Tis better that we leave him tied. Some farmer put him up there, and he's not supposed to play. You see, he stays there all day long to help the cornstalks grow up strong. His job is to protect them just by scaring birds away."

"You're right," the Goofygoo exclaimed. "I'm sure you Tinies will be blamed if Mr. Scarecrow leaves that post. It's time that we are fed. You Tinymites look quite forlorn. What say we roast a mess of corn? We'll build a little blaze and put the corn cobs in its bed."

"A great idea," yelled the bunch. "That surely is a happy hunch. You start the fire there, Goofygoo, and we will get the corn." Then Clowny cried, "I hate to rob this cornfield of a single cob, but there's so much, I'm sure we won't be looked upon with scorn."

So, on their way the Tinies went and just a little while was spent in picking great big gobs of corn. Oh, my, but they looked grand. "Look here," cried Carpy, "this big one is just for me when it is done. This ear's so big it's hard for me to hold it in one hand."

By this time Mr. Goofygoo was set. The next thing that they knew he had the blaze a-burning, just as any corn blaze should. Into the coals they tossed the ears and shortly, 'mid a burst of cheers, the Tinies started eating and each one ate all he could.

(The Scarecrow springs a surprise in the next story.)

HOW TO INVEST MONEY

MOST shrewd and conservative investors place their funds in carefully selected bonds so that they will have the highest interest return consistent with safety of principal. Good bonds have many advantages as investments. The best class of bonds, bought from responsible and experienced investment banking houses, give the investor safety; they afford a good income yield; they are stable in value and marketable in case of necessity; and, finally, they relieve the investor of management, care and worry.

Bonds in general represent direct obligations, legally enforceable contracts, to pay a fixed rate of interest and to return principal at a given date. They are investments superior to those which represent a partnership or a share in the earnings of the business after the interest on the bonds is paid. The bondholders' rights are prior to the rights of the stockholder. In case of failure to pay either principal or interest, the property of the stockholders may be levied upon by court to satisfy the bondholders' claims.

NEW YORK CURB

By RICHARD L. GRIDLEY

NEW YORK, June 4.—(UP)—Some disappointment over the relatively small decrease of $109,000,000 in stock exchange loans during May had relatively ltitle effect on curb stocks today, traders apparently being more interested in the character in the recent buying in the market and the pospects of continued credit.

Further sweeping recoveries from their recent lows were staged in nealy all sections of the list, the forward movement gaining considerable vigor in some sections where shorts were becoming increasingly nervous.

A mong theses hares were American Supe Power "A," Electric Investors, Ltd., and Bendix Corporation, the latter issue rising sharply following a wide advance at Chicago. Aviation shares were improved under the leadership of Fokker, which responded vigorously to its excellent eaning report for the first quarter of this year. Aviation Corporation of the Americas was sharply higher.

Electric Bond and Share was another strong spot in the public utility group, selling at a new high on the current recovery, but Mohawk and Hudso nPower and Northeast Power and Light wee held back by the appearance of profit taking.

Deere& Co., continued its recovery on the better wheat situation in the middlewest, equalling its brisk advance of the previous session. Oils, however, were generally quiet and little changed, although Humbl Oil spurted neary a point on moderate trading.

CHICAGO BD. OF TRADE

CHICAGO, June 4—(UP)—Dispatches from Wasihngton indicating that the department of agriculture is planning to recommendt that a $200,000,000 be made available immediately for stabilization of prices under the farm relief bill brought another big jump in wehat today. Advances of nearly 7c were made in a wild final hour on the board of trade. Corn and oats followed wheat.

At the close wheat was 5¼ to 7⅛c highr, corn was 6., 4; to 5⅝c and oats were 1⅝ to 1⅞c higher. Provisions were considerably higher.

Sentiment in wheat appeared more fixed, giving the market an irregular ange during the morning. Trading was of limited character a greater part of the session, with most interests awaiting definite action on farm relief. Cash prices were unchanged to ½c lower. Receipts were 53 cars.

Corn receded with wheat before midsession, but came back to sell over 7c above the previous close. Cash prices were ½ to 1c higher. Receipts were 89 cars.
